BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. RAY,
Judge, Seventh Industrial Tribunal.

For the applicant : Shri B. Chatterjee.

For the Municipality : None.

## AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Amal Chandra Das complaining that his service was terminated with effect from 30th April 1962 illegally and unjustly on the charge of unsatisfactory conduct and work but without any enquiry and in contravention of the provisions of section 33, Industrial Disputes Act, because the termination of service was effected without compliance with the proviso to section 33 (2)(b), Industrial Disputes Act, during the pendency of the adjudication proceedings of another dispute between this municipality and its workmen, which was referred to this Tribunal by Government order No. 3623I.R./IR/14L-14/60, dated 19th July 1960.

After service of notice of this application upon the municipality, it appeared and filed its written statement, but finally there was no appearance on behalf of the municipality on the last date of hearing (5th January 1963), notice of which was given to the municipality by registered post after it defaulted in appearance on the previous date of hearing (22nd December 1962). The case was, therefore, heard ex parte on 5th January 1963.

At the ex parte trial, the applicant, Shri Amal Chandra Das, gave evidence. He proved by his unchallenged and unrebutted testimony that after more than 1½ years' service in the municipality, he was abruptly discharged by the notice, Ext. 1, dated 30th April 1962, without any charge-sheet and enquiry. In the written statement filed by the municipality, it was alleged that during his period of service, he was guilty of insubordinate conduct and negligence and gross indifference in the matter of performing his duties and was also "offensively late and irregular in attendance" and there was adverse report against him from the Assessment Department where he served and for these reasons, the Commissioners of the municipality in their meeting held on 24th August 1962, unanimously adopted a resolution for terminating his service and accordingly his service was terminated by the notice, dated 30th April 1962. It was also alleged

by the municipality that he was all along a temporary employee and his temporary service was terminated. No evidence has at all been produced by the municipality in support of the aforesaid charges made in its written statement against the applicant. There is also no evidence of any enquiry having been held regarding the charges after giving the applicant sufficient opportunity to defend himself against the charges. According to the letter of discharge, dated 30th April 1962 (Ext. 1), his service as temporary peon was terminated on account of his alleged unsatisfactory work. The letter of discharge further shows that his temporary service was extended up to and terminated on 30th April 1962 simultaneously. Thus, it seems that he was given extension of service up to 30th April 1962 for the purpose of termination of service on the same date by the letter of the same date. This certainly does not look bona fide. Even if he was a temporary employee, when his service was terminated on the allegation of unsatisfactory work and not for any other reason, he should have been given sufficient and suitable opportunity to explain his case to the municipal authorities at a formal enquiry after due notice. But nothing of this sort was done. According to the evidence on record, the termination of service of the applicant was abrupt and without any sufficient cause or reason and it was sprung as a surprise upon him. The applicant has proved by his evidence that he was a member of the local Municipal Employees' Union, which had sometime in October 1961, served a notice of strike upon the Chairman and in connection with the intended strike he did the work of fixing posters and after this, the Chairman asked him to dissociate himself from the Union and threatened that if he did not do so, his service would be terminated. There is no reason to disbelieve the unchallenged and unrebutted testimony of the applicant. This evidence of the applicant furnishes a clear motive for the abrupt termination of his service in a summary manner. It is further to be noted that the adjudication proceedings in respect of another dispute between the municipality and its workmen, which had been referred to this Tribunal by the Government of West Bengal, Labour Department, order No. 3623I.R./IR/14L-14/60, dated 19th July 1960, were pending before this Tribunal when the service of this applicant was abruptly and summarily terminated on some charges of misconduct, according to the written statement of the municipality in this case, but still the municipality did not comply with the requirements of the proviso to section 33(2)(b), Industrial Disputes Act. According to the municipality's admission in the written statement, it was a case of termination of service of the applicant, which amounted to his discharge on some charges of misconduct and this misconduct had no connection with the dispute already under adjudication before this Tribunal in pursuance of the Government order, dated 19th July 1960. The applicant has also proved that additional wages for one month, as required by the proviso to section 33(2)(b), Industrial Disputes Act, were not paid to him after his discharge and he got his wages only up to the date of his discharge. The municipality, therefore, clearly violated the provisions of section 33(2)(b), including the porviso, in discharging the applicant from service abruptly and summarily by the letter, dated 30th April 1962. The termination of service amounting to his discharge must be held to have been unjustified and mala fide upon the facts found above. Accordingly, this application must succeed and the applicant must get relief by way of reinstatement and some back wages. Having regard to the overall facts and circumstances of the case, I would allow him six months' back wages.

Accordingly, I allow this application and award that the termination of service of the applicant amounting to his discharge for misconduct was unjustified and mala fide and also in contravention of the relevant provisions of section 33(2)(b), Industrial Disputes Act, and that he shall be reinstated to his former service under the municipality on his reporting for duty within 15 days from the publication of this award and the municipality shall pay him six months' back wages at hte rate last drawn within 15 days from his reporting for duty as above.

The instant dispute between Messrs. IRP (Radio) Pvt. Ltd. **Issues**

**AWARD**

The case of the Union in short is that the Company is a manufacturer of radios and that in 1961 the employees of the Company formed a Union. The authorities of the Company got annoyed at the formation of the Union and in order to crush the Union terminated the services of several workers mentioned in schedule "A" attached to the order of reference without any justification whatsoever. It has been alleged by the Union that the retrenchment was mala fide and liable to be set aside. The Union claims reinstatement of all the workers including those mentioned in Issue Nos. 1, 2 and 3.

According to the Company the retrenchment was essential for the interest of industry at the relevant time, namely, in June and July 1961, because there was no sufficient work for the Company to engage the workers retrenched. The sale of radios manufactured by the Company declined. There was imposition of heavy duty on radios and as a result of that demand for radios considerably declined. Many of the workers referred to in schedule "A" to the order of the Government were learners. The distributors of the Company would not and did not carry on the sale of radios of the Company. There was practically fall in the market in the sale of the radios manufactured by the Company and, therefore, certain workers had to be eliminated. For the purpose of retrenchment, the principle "last come, first go" was adopted. The Company acted with bona fide and the allegation that the Company wanted to crush down the Union was denied. The dismissal of the workers Shri Benoy Bhusan Roy was justified for his misconduct. Shrimati Mala Das Gupta mentioned in Issue No. 3 absented herself and she was asked to show cause for her absence. There was no refusal of employment in respect of Shrimati Das Gupta. On the whole, the Company has denied the allegations made by the Union and its prayer was that the employees in question were not entited to any rlelief in this reference.

In this case several documents have been put in for consideration by the parties. Two witnesses, Shri Netai Ch. Sutradhar and Shri Adhir Ch. Chakraborty, were examined on the side of the Union. The Sales Manager of the Company was examined on the side of the Company.

A preliminary point of law has been raised from the side of the Company to say that this Tribunal has not jurisdiction to decide this reference because this dispute cannot be called an "industrial dispute" according to the Industrial Disputes Act. The first ground is that many of the retrenched workers were trainees and, therefore, they cannot be called "workmen" according to the Industrial Disputes Act. They were taken in for giving training. The second reason assigned by Shri Chakraborty, appearing on behalf of the Company, is that in view of section 25F of the Industrial Disputes Act this dispute cannot be decided by this Tribunal because none of the workers in question served the Company for year or more. I am sorry I cannot accept this proposition according to law and in view of the evidence on record. Section 25F of the Industrial Disputes Act, 1947, speaks about certain mandatory procedure to be adopted in case of retrenchment of workmen

when the workmen have been in continuous service for not less than one year, that is to say, this section lays down a procedure which must be adopted by the Company, if it wants to retrench any workman having continuous service for not less than one year. This section speaks about notice and payment of compensation in such a case. According to this section, therefore, this procedure need not be applied to a case where a workman having continuous service for less than one year is involved. This does not necessarily mean that there can be no dispute under the provisions of Industrial Disputes Act over workers having continuous service of less than a year. Section 25F of the Industrial Disputes Act, threrefore, does not say that the instant dispute is not an industrial dispute. With regard to the question whether a trainee or a learner is a "workman" or not according to the provisions of Industrial Disputes Act, section 2(s) of the said Act may be referred to. According to this section, "workman" includes all apprentices empoyed in any industry to do any skilled or unskilled manual work for hire or reward. Moreover, the chart, Ext. J, filed by the Company giving the descriptions of the retrenched workers will show that they were employed on payment of wages. From the evidence I am satisfied that the workmen involved in this reference are "workmen" as defined by the Industrial Disputes Act. This Tribunal has, therefore, jurisdiction to adjudicate upon the reference made in the present case. The contention raised from the side of the Company regarding jurisdiction is, therefore, rejected.

**Issue Nos. 2 and 3**

For the sake of convenience, I shall take up Issue Nos. 2 and 3 jointly. These two issues relate to dismissal of Shri Benoy Bhusan Roy and the alleged refusal of employment to Shrimati Mala Das Gupta. The Company and the Union filed a joint petition of compromise on 23rd May 1962 stating that these issues had been amicably settled up by the parties and that an award might be passed in terms thereof. It appears that the terms of compromise are legal and reasonable and I, therefore, accept them.

**Issue No. 1**

This issue relates to the termination of services of workmen, 25 in number, mentioned in Annexure "A" to the order of reference. Out of these 25 workmen, cases of Shrimati Usha Kanjilal, Shri Adhir Kr. Chakraborty, Shri Rukmini Das and Shri Sasanka Sekhar Roy have also been compromised by the parties by the petition filed on 23rd May 1962. It is stated in that petition by the parties that the services of Shri Rukmini Das and Shri Sasanka Sekhar Roy were not terminated and that their cases would be left out of this adjudication. When their services had not been terminated, this Tribunal has no jurisdiction to consider their cases, and the reference in respect of their cases is, therefore, left out of consideration as prayed for in the petition of compromise. I am told by the parties that Shrimati Usha Kanjilal and Shri Adhir Kr. Chakraborty, as settled by the parties amongst themselves, have been working under the Company. As prayed for by the parties, the terms of settlement as embodied in the joint petition of compromise shall form a part of my award. The terms are reasonable.

Considering the case of Shri Netai Ch. Sutradhar referred to the Annexure "A" to the Government order, I am satisfied that he had been in continuous service under the Company for more than a year. The oral evidence on the side of the Union supports this finding. Moreover, Shri Chakraborty, appearing on behalf of the Company, has conceeded that the Company has no objection to reinstate Shri Sutradhar. It appears that the provisions of section 25F of the Industrial Disputse Act was not complied with by the Company while retrenching Shri Sutradhar. In these circumstances, I must hold that the retrenchment of Shri Netai Ch. Sutradhar was not justified and legal. He should be reinstated within 15 days from the publication of my award in the official gazette.

I shall now consider the cases of other workmen excepting Shrimati Usha Kanjilal, Shri Netai Ch. Sutradhar, Shri Adhir Kr. Chakraborty, Shri Rukmini Das and Shri Sasanka Sekhar Roy, mentioned in Annexure "A" to the order of reference. From the oral evidence adduced from the side of the Union as well as the Chart, Ext. J, showing the dates of appointment and retrenchment of the workers, I am satisfied that the remaining workers whose cases I am considering had been in continuous service for less than a year and that section 25F of the Industrial Disputes Act was inappicable in their cases. The vital question that arises for consideration in this case is whether the Company has been able to make out a case to justify the retrenchment of the workers on the grounds that there was decline in the sale of the Company's products, that there was necessity for reducing force of the workmen and that the retrenchment was essential for the interest of the industry. The Company has got to prove the surplusage of the workmen in view of the working of the industry. On this point there is no evidence whatsover from the side of the Union. Nobody comes forward to repudiate the grounds urged from the side of the Company regarding decline in sale of Company's products as well as the surplusage. The Sales Manager of the Company, Shri Arora, O.P.W. 1, has stated on oath that the Company had terminated the services of the workmen at the end of June and at the beginning of July 1961, on the ground of decline in business. The witness has also spoken about the imposition of tax on the sale of radio sets and the ground of decline in business. He has further stated that the distributors of the Company dissociated themselves from the Company due to imposition of central tax. In support of this evidence we have got the correspondences between the Company and the distributors marked as Ext. H series. Ext. G shows the imposition of tax by the Government. Ext. E is the chart showing the number of workers employed in the factory during the years 1959, 1960, 1961 and January to March 1962. This chart supports the case of the Company that the Company had been engaging lesser number of workers from June 1961 up to March 1962. This speaks about bona fides of the Company. There is no evidence to support the contention that the Company victimised some labourers and in their places several other workers had been employed to maintain the same production in the factory. This clearly shows that there was occasion for the Company to produce less than before. The notices, Ext. F series, terminating the

services of the workmen given by the Company stated that the termination of services was due to the decline in business condition. I cannot accept that the reason stated in the notice was mala fide or frivolous because in fact, the Company was running its business with lesser number of workers since June 1961. The correspondences, Ext. H series, further support the case of the Company that the distributors could not find lucrative market for the Company's radios. It is, therefore, clear that at the relevant time there was a sharp decline in the demand of Company's radios in the market. Exhibit I is a chart showing the production and sale of the Company's radios from January 1960 to March 1962. It will be evident from this exhibit also that from June 1961 the production of radio sets by the Company was reduced and the amount of sale in the market showed decline. There is no challenge from the side of the Union against this state of affairs. From the materials on record, I am, therefore, satisfied that the Company honestly apprehended that there would be decline in its business and that, in fact, there was an appreciable decline in business . I am satisfied that in these circumstances there was necessity for the Company to retrench some workers for the best interest of the business. The Company has been able to prove surplusage in respect of its workmen.

On the question of bona fides of the Company in its actions, I have already referred to Exts. E. F. series, I and also H series. That there were no mala fides or malice in the activities of the Company would be evident from the facts that the Company invited applications from retrenched workmen subsequently when some vacancies were to be filled in. Exhibit K series will support this fact. The last page of Ext. P shows that offers were also made to a large number of retrenched workers when subsequently the Company decided to employ some hands. Shri Chakraborty on behalf of the Company assures me that the Company is still willing to invite applications from the retrenched workers whenever such occasions will arise. I trust that the assurance is genuine specially in view of the past conduct of the Company. In this connection my attention has been drawn from the side of the Company to the allegation of the Union made in several paragraphs in the written statement stating that the Company after knowing of the formation of the Workers' Union wanted to terrorise the workmen and in order to discourage Unionism, reternched some workers with malice. It appears from Ext. 9 that the Union was registered on 21st July 1961 after the workmen had already been retrenched. The Registration Receipt attached to Ext. 9 shows that the fee for registration was deposited on 17th July 1961. Practically speaking it cannot be argued that the Company came to know about the legally constituted Union before the retrenchment. I have given my best consideration to the evidence on record both documentary and oral as well as the circumstances of the case and I have no manner of doubt so say that the Company had no malice against the workmen and that it acted with all bona fides for the interest of the industry.

In connection with Issue No. 1, I am to consider further whether the Company adopted the principle of "last come, first go" in the matter of retrenchment as indicated in section 25G of the Industrial Disputes Act. I have considered the materials on record and I do not find that this principle has not been adopted with reference to any particular category of the workmen retrenched. I am also satisfied that this principle has been adopted by the Company in all fairness.

In view of my discussions above, I, therefore, hold that the retrenchment of workmen named in Annexure "A" to the order of reference, except Shrimati Usha Kanjilal, Shri Netai Ch. Sutradhar, Shri Adhir Kr. Chakraborty, Shri Rukmini Das and Shri Sasanka Sekhar Roy, is justified.

In view of my findings above, I hold that the persons affected as indicated cannot be reinstated. The question then arises whether the retrenched workers in question will get any other relief. In this case it appears that the workers were retrenched without sufficient notice. Practically speaking, along with the notice they were retrenched and thrown out of employment. The question is whether they are entiteld to any monetary relief. As the workmen did not get even 15 days' notice, I am inclined to give some relief to them by way of compensation because natural jutsice and good conscience demand such relief. During argument Shri Chakraborty, appearing for the Company, gave out without prejudice that his client was willing for an amicable settlement to give 15 days' wages to the retrenched workmen. This suggestion was fair. In the circumstances of this case I am inclined to give an award to the retrenched workmen named in Annexure "A" to the order of reference made by the Government except Shrimati Usha Kanjilal, Shri Netai Ch. Sutradhar, Shri Adhir Kr. Chakraborty, Shri Rukmini Das and Shri Sasanka Sekhar Roy, whose cases have been amicably settled. This compensation shall be paid within 15 days after the publication of this award in the official gazette.

The case is thus disposed in terms of this award of which the petition of compromise filed on 23rd May 1962 shall be a part as Annexure "B".

## AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, Order No. 1171-I.R./IR/11L-58(A)/62, dated the 5th April 1962.

### Issue

Whether Shri Ananda Prodhan and Shri Satish Chandra Mondal are entitled to the grade and scale of pay for ghat peons? To what other relief, if any, are they entitled?

The relevant facts of the case and the respective contentions of the parties on disputed points will appear from the following discussions.

The two concerned workmen are serving under this Company for a pretty long time. They have been shown in the establishment registers and records as stock room labourers. These are daily-rated labourers on the daily wage scale of Rs. 1/50 to Rs. 2/10 with separate D.A. They are still now getting these wages. Their case is that for the first few years of their service under this Company, they worked as stock room labourers, but then they were made to work as ghat peons and they are doing the duties of ghat peons under dock permits issued by the Port Commissioners on the Company's applications and in these permits their designations are correctly shown as ghat peons. The ghat peons are monthly-rated workers on the revised wage scale of Rs. 35—2—45—2/50—67/50 with separate D. A. Though they are working as ghat peons, they have not been placed in that category for the purpose of wages and D. A. and they have been kept in the category of stock room labourers and are getting daily wages and D. A. admissible to that category of workmen. They are actually employed as ghat peons and they do all the duties of the ghat peons and as such they are entitled to the monthly wage scale and D. A. admissible to ghat peons. The concerned Union took up their case and moved the Company for paying them monthly wages and D. A. in the grade and scale of ghat peons but the Company refused to accept the demand. The Company's case in that these workmen are really stock room labourers and they are mostly empployed as such in the stock room, but only occasionally they are required to accompany the Company's ghat peons to the ghats for booking of consignments and unloading of goods from the lorries at the ghats and loading them in the steamers. They are to help the ghat peons in these matters. The ghat peons do all works in connection with the booking of the consignments and observance of customs formalities and they alone are entitled to sign necessary papers for the Company and for this purpose they hold Sircar's licences. The ghat peons are entitled to monthly wages as stated in the written statement of the Union and the stock room labourers are entitled to daily wages, as also stated in that written statement, and they are also entitled to separate D. A.'s. As these two workmen have to accompany the ghat peons for works in the ghats, licences were secured in their names wrongly giving their designations as ghat peons. They are really stock room labourers

and they are shown in this category in the establishment registers and records of the Company. These workmen are, therefore, not entitled to the grade and scale of monthly wages and D. A. admissible to ghat peons.

It is an undisputed position that in the establishment records and registers of the Company, these workmen are shown as stock room labourers and they are getting daily wages and D. A. as such labourers, but they have also to do some works in the ghats in connection with the booking of consignments and for this purpose they hold dock permits issued by the Port Commissioners, in which their designations are stated to be ghat peons and these dock permits were issued on the Company's applications. The Company has also produced copies of some leave applications made by these workmen. The leave applications are in printed forms and in these, their designations are shown as stock room labourers (vide Exts. A and B). Exhibits A(1) and B(1) are the history-sheets showing their designations as stock room labourers. Exhibits G and H are respectively the pay-sheets for monthly-rated and daily-rated workmen and these workmen are included in pay-sheets of Ext. H. Exhibits 1 and 1(a) are the dock permits issued in favour of these workmen showing their designations as ghat peons. It is not disputed before me that they still hold such permits for works in the ghats. It is now a well-settled position that the correct status and category of an industrial worker is to be determined on the basis of the actual work done by him and not merely on the basis of his formal designation in the Company's records. Shri J. N. Chatterjee of the Engineering Association, who appeared for the Company, frankly admitted this position in his arguments. For the purpose of the decision of the issue referred to this Tribunal, it is to be seen on the basis of the actual works performed by these workmen for the Company whether they are really employed as ordinary stock room labourers or as ghat peons. As already indicated above, it is not an undisputed position and it is also borne out by the evidence on the record that these two workmen hold dock permits showing them as ghat peons [Exts. 1 and 1(a)] and the Company itself got these permits issued in order to enable these workmen to carry out their works for the Company in the ghats. The evidence shows that they hold these permits from 1960. It is also in evidence that they have to go to the ghats in connection with the booking of consignments sent by the Company to different stations. From the evidence on the record, I find that their actual duties are to accompany the lorries carrying the goods of the consignments to the ghats, arrange for their unloading and stacking at the ghats and finally arrange for their unloading and stacking in the steamers and in all these matters, they do not actually do any manual labour, but act in a supervisory capacity. P. W. 1 Shri Satish Chandra Mondal, one of the concerned workmen, has stated this in his evidence. P.W. 2 Shri Ananda Prodhan, the other concerned workman, has also stated this in his evidence. P.W. 2 Shri Ananda Pradhan has of course stated in his evidence that when they sit in the stock room office, they sometimes do the work of carrying letters to different officers, supplying papers and files to the clerks and bringing their tea and tiffin. The whole of his evidence read together clearly indicates that they do these works when in their spare hours they sit in the stock room, but these are not certainly their main and substantive duties. It is in the evidence of O. P. W. 1 Shri Benoy Krishna Deb, the Labour Officer of the Company, that only these two workmen among the stock room labourers were selected for works in the ghats and dock permits were secured in their names as ghat peons. This witness has further admitted that he never saw these two workmen doing manual work in the stock room. The evidence is that there are 150 or 200 labourers in the stock room. It is thus clear that among these labourers, these two workmen were specially selected from works in the ghats which involved some higher responsibility and initiative. I am fully satisfied from the evidence on the record that since they were so selected for works in the ghats and dock permits were secured for the works in their names showing them as ghat peons, their main and substantive duties involved works in the ghats in connection with the consignments sent to the ghats for transport to different destinations and their works consisted of supervising the works of unloading the goods from the lorries and arranging them at the ghats and loading the goods in the steamers and stacking them in the steamers in proper manner. I am further satisfied from the evidence that these workmen mostly go to the ghats with the other two workmen, Shri B. N. Das and Shri R. K. Singh, in connection with the booking of consignments and the duties of Shri B. N. Das and Shri R. K. Singh consist of arranging for the actual booking of the goods and observance of customs formalities and signing of papers in connection with these matters and the two concerned workmen have nothing to do with this branch of the work. Shri B. N. Das and Shri R. K. Singh hold Sircar's licences for these purposes and they are authorised to sign necessary papers for the Company. This appears from the evidence of Shri B. N. Das, himself (O. P. W. 2). It is contended and argued on behalf of the Company that Shri B. N. Das and Shri R. K. Singh are really the only two ghat peons of the Company and these two concerned workmen have only to accompany them occasionally to help them in their works when the consignments are large and the very fact that Shri B. N. Das and Shri R. K. Singh hold Sircar's licences authorising them to sign papers for the Company, clearly distinguish them as ghat peons proper from the concerned workmen who are nothing but ordinary labourers deputed to accompany the ghat peons for helping them in doing their ghat duties. After carefully considering the entire evidence on the record, I am unable to accept this contention and argument. The fact remains that Shri B. N. Das and Shri R. K. Singh hold a different kind of licence and it is the Sircar's licence (vide Ext. F). This fact cannot necessarily establish the position that they are really the ghat peons and the concerned workmen are not ghat peons as their designations are shown in their dock permits. It appears that for the entire set of ghat works in connection with the booking of consignments sent by the Company to different destinations, a batch of workmen is required, some of whom are to look after the actual work of booking and observing Customs

formalities by producing and signing relevant papers and some are required for looking after the goods of the consignments and their proper unloading from the lorries, stacking at the ghats and then loading and stacking in the steamers and Shri B. N. Das and Shri R. K. Singh have to do the works connected with the booking and observance of customs formalities and for this purpose, they hold the Sircar's licence authorising them to sign necessary papers and the two concerned workmen do the works in connection with unloading, stacking, etc., in a supervisory capacity. The batch of workers holding the Sircar's licence has mainly to do clerical job while the other batch of workers has to do the non-clerical and supervisory job of looking after the unloading, stacking, etc., of the goods. The works assigned to the latter batch of workmen are certainly the work of ghat peons. The whole work in the ghats cannot be done without such workers. The workmen holding the Sircar's licence have to busy themselves with the clerical part of the job regarding booking and Customs formalities while the persons holding the ghat peon's permits have to look after the goods themselves and the works connected with their unloading, loading and stacking. After a careful consideration of all the facts and circumstances discussed above, I am clearly of the view and I also find that these two workmen were specially selected for ghat works as ghat peons from among the stock room labourers and they were assigned mainly and substantively the duties of ghat peons since they were selected for this purpose and they are now actually doing the works of ghat peons under dock permits issued to them at the instance of the Compapny and the dock permits clearly show their correct designations and status and category and they are now to be categorised as and given the status of ghat peons for the purpose of their wages and D. A. and they cannot be treated as ordinary stock room labourers for the purpose of their wages and D. A. and since they are being made to work as ghat peons under the dock permits, they have certainly ceased to be ordinary labourers and the Company is not justified in making them work as ghat peons but paying them the wages of ordinary stock room labourers. I find accordingly that these two workmen are entitled to the grade and scale of pay and D. A. for ghat peons and I further find after considering the overall facts and circumstances that they should be given the ghat peon's grade and scale of pay and D. A. with effect from April 1962, the month in which the present reference was made and they shall be paid the difference between the labourers wages and D. A. actually received and the ghat peon's wages and D. A. to which they may be entitled, if any, from April 1962. I decide the issue accordingly.

Accordingly, I award that the two concerned workmen are entitled to the grade and scale of pay for the ghat peons with effect from April 1962, and they shall get the difference between the actual wages and D. A. received by them and the ghat peon's wages and D. A. to which they are entitled, if any, from April 1962 from the Company and the Company shall pay the difference within a month from the publication of the award.

Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24, arising out of G.O. No. 5867-I.R./IR/8L-14(C)/61, dated 7th October 1961. Case No. 33/33A/1962.**

For the Applicant: Shri P. P. Pathak and Shri A. Sen, Trade Unionists.

This is an application under section 33A of the Industrial Disputes Act of 1947 by Shri Gazi Show, an old worker of the Company, against Messrs. Kesoram Cotton Mills Ltd. The application contains the following allegations. The petitioner is a permanent workman of the Weaving Department, in C shift of the Company, having put in long years of service creditably. He was suffering from "Mitral Stanosis" and was firstly treated by the Medical Officer of the mills. He was on medical leave and on or about 15th September 1961 he was sent to the Sett Sukhlal Karnani Medical Hospital by the Mill Medical Officer for treatment and operation of the heart. On that date he was admitted into that hospital, where his heart was operated upon. After his cure he was discharged from that hospital on 13th February 1962 with recommendation for light work. He then applied to the Manager of the mill on 14th February 1962 for resumption of duty with light work. His petition was recommended by the mill Medical Officer. But yet he was not allowed to resume his duties. He next submitted successive petitions on 5th March 1962, 10th March 1962 and 20th March 1962 to the employer for resumption of duties, informing in his last letter that the employer's contemplation to keep him as badli worker was a gross violation of section 33 of the Industrial Disputes Act and that unless he was allowed to work as permanent hand in some light duties he would deem his services to have been wrongfully terminated by way of dismissal. The employer by its letter, dated 30th March 1962, asked the petitioner to get himself examined by the mill Medical Officer by 5th April 1962. He went to the Medical Officer accordingly with an application. Even after that more than two weeks had elapsed, but he was not favoured with any communication from the employer nor was he allowed to resume his duties. On 19th April 1962 he informed the empolyer by stating these facts and expressing that he would take recourse to Industrial Disputes for wrongful dismissal. The action of the employer is mala fide, illegal and in violation of principles of natural justice, and is a gross contravention of section 33 of the Industrial Disputes Act. On these allegations, the applicant prays for reinstatement with all back wages, etc.

In the written statement of the mills the following case is made out. The application under section 33A is not legally maintainable. The employer's action is not connected with the main dispute. Section 33 of the Industrial Disputes Act has not been contravened. Before the filing of the present application the employer informed the applicant that his services were terminated on ground of medical unfitness with effect from 14th April 1962 in terms of clause 18 of the Standing Orders. The employer's Medical Officer examined the applicant on 5th April 1962 and found that it would be risky to employ the applicant in a factory involving continuous physical work and strain. In fact it is not a case of dismissal as alleged in the application. The applicant took leave from 8th August 1961 for a month and a half up to 22nd September 1961. The employer has no knowledge as to when he underwent heart operation. He was on unauthorised absence from 23rd September 1961. The first information regarding his illnes was received by the employer when he approached the mill Medical Officer with an application on 14th February 1962 and after obtaining some sort of recommendation from the Medical Officer deliberately kept back that application without giving any opportunity to the employer to consider his leave application. On 5th March 1962 the applicant submitted an application through the Medical Officer to the Factory Manager, and the Medical Officer, in view of recommendations of the authorities of S. S. K. M. Hospital and without any medical examination recommended light work for him with the observation that he was not fit to do the same work as before. In reply to applicant's letter, dated 10th March 1962, the employer informed him by letter, dated 15th March 1962, that he overstayed his leave from 23rd September 1961 to 14th March 1962 and lost lien on his appointment under clause 9(c) of the Standing Orders and was placed on the badli list. He was asked to produce a medical certificate showing fitness for normal work with normal skill and efficiency at the time of his joining as badli. The employer's decision in keeping him as badli is not mala fide, illegal or in violation of section 33 of the Industrial Disputes Act. For all these reasons the application must fail.

### Decision

Admittedly, the applicant, Shri Gazi Show, was attacked with a severe heart disease (Mitral Stenosis) and took formal leave for a month and a half from 8th August 1961 to 22nd September 1961. It is also admitted that at first he was treated by the mill Medical Officer. The applicant (P.W. 1) says that this Medical Officer recommended his treatment at Presidency General Hospital (S. S. K. M. Hospital) where he was admitted and was treated for five months, his heart having been operated upon there. This is an unchallenged evidence, indicating clearly that his treatment at the said hospital was at the suggestion and instance of the employer. It is no use now for the employer to deny this fact and knowledge of his heart operation and prolonged treatment at that hospital. He obtained a certificate by way of recommendation for light work. Next, it is admitted in paragraph 13(g) of the employer's written statement that on 14th February 1962 he approached the mill Medical Officer with an application for resumption of duties and obtained the doctor's recommendation for light work. The employer has stated in his written statement that the

applicant kept back that application without giving any opportunity to the employer to consider his leave application. In the circumstances of the case, it is hardly believable that the said application was withheld by the applicant; rather the employer seems to have suppressed that application. The applicant says that he made over that application to the Labour Officer who, however, has not been examined. This evidence, after all, cannot be discarded lightly. It is clear that long absence on the part of the applicant during the period of his treatment at the hospital was virtually condoned by the authority. But yet he was not allowed to resume duties in spite of the employer's Medical Officer's recommendation for light work. Instead, the employer appears to have taken recourse to the provision of clause 9(c) of the Standing Orders (Ext. 7) and considered his lien as lost and put his name in the badli list. That was rather an unusual and improper way of treating his case. He was admittedly a permanent worker, but the condition of his service was altered unnecessarily as he was put on the badli list. That was certainly in violation of section 33 of the Industrial Disputes Act.

After some correspondences, the employer finally asked the applicant on 5th April 1962 to get himself again medically examined by the mill Medical Officer. On that date doctor examined him and observed that it would be risky to employ him in a factory involving continuous physical work and strain. If he was made a badli at all, such further medical examination was not called for, nor could his services be terminated from 14th April 1962. The action in placing the name in badli list is unjustified, and the applicant must be deemed to have been a regular permanent worker. Now there is the other aspect of the case. On 5th March 1962 the applicant filed an application to the Factory Manager for sympathetic consideration of his case and for giving him some light work. That petition (Ext. B) contains endorsements of the Residential Medical Officer, the Factory Manager, and the mill Medical Officer. The Factory Manager's view was that the applicant was not fit to do the old work which he was doing before. The doctor's note is that the applicant was not fit for hard work about that time. About a month later, there was further medical examination on 5th April 1962 (see Ext. C). The employer was not bound to accept recommendation for light work. Ultimately, on the medical report, dated 5th April 1962, the employer wrote to the applicant on 13th April 1962 that his services would stand terminated from 14th April 1962 in terms of clause 18 of the Standing Orders. The clause enjoins that the services of any workman are liable to be terminated if he is found to be medically unfit, or in the event of his partial or permanent disability. The medical report, dated 5th April 1962, shows that the applicant was not fit for hard or normal works. On this report the employer terminated his services as from 14th April 1962. About 10/11 days later the present application under section 33A was filed. But it is quite silent about the last action of the employer under clause 18 of the Standing Orders. This action thus remains unchallenged and also justified in the aforesaid circumstances. Subsequent medical certificate, dated 15th October 1962 (Ext. 9), showing fitness for normal works is of no use to the applicant. There is, therefore, no question of his being reinstated, and this prayer for reinstatement is rejected.

But however, as the applicant is deemed to have been a regular workman till the time of termination of service on 14th April 1962, he is reasonably and equitably entitled to get wages up to 13th April 1962. The employer is directed to pay these back wages up to 13th April 1962 to the applicant within one month from the date of publication of this Award in the "Calcutta Gazette."

## AWARD

The above dispute over the Issue given in the order of reference and re-produced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 1648-I.R./IR/11L-131/62, dated the 9th May 1962.

### Issue

Whether the termination of service of Shri Mahiuddin is justified? To what relief, if any, is he entitled?

The relevant facts of the case and the respective contentions of the parties on disputed points will appear from the following discussions.

The concerned worker, Shri Mahiuddin, was working as Fireman of Khanna Cinema since February 1958. According to the practice prevailing then, he was transferred to this Cinema from Biswaroopa Theatre where he was also working as Fireman, by the Calcutta Corporation (vide Ext. D). It was then generally understood that the Corporation of Calcutta was the competent authority to appoint Firemen in Cinema and Theatre houses and their transfers from one House to another and leave were also within the jurisdiction of the Calcutta Corporation. It is not disputed that Shri Mahiuddin worked as Fireman in Khanna Cinema since his transfer there in February 1958, up to 8th June 1961. Shri Mahiuddin himself has testified to this and there is practically no challenge to his testimony in this respect. Shri Mahiuddin applied for two months' leave on 22nd May 1961 to the Managing Partner of Khanna Cinema (vide Ext. J). In this application, he requested the Managing Partner to use his good offices so that approval for his leave might be obtained from the Theatre Inspector of the Corporation of Calcutta or any other authority as might be considered necessary. Shri Mohiuddin wanted two months' leave from 2nd June 1961. In reply to his leave application, the Managing Partner of the Cinema informed him by his letter, dated 24th May 1961 (Ext. I) that the Corporation of Calcutta was the proper authority regarding his service and he might apply to the Corporation for his "transfer or leave" as he might require. The evidence is that after this letter, Shri Mahiuddin informed their Union about the matter and the Union took up the matter with the Calcutta Corporation Mazdoor Union and the Calcutta Corporation Mazdoor Union wrote to the Corporation of Calcutta for clarification of the position of Firemen in regard to their employment and the Corporation of Calcutta informed the Union Secretary by its letter, dated 2nd June 1961 (Ext. 7), that Firemen were in no way to be treated as employees of the Corporation according to the circular issued by the Commissioner, dated 2nd April 1960, a copy of which was also forwarded along with the letter (Ext. 8). A copy of this circular was also forwarded to this Cinema and it has been produced by the Cinema (Ext. G). It was made clear in this circular that an anomalous position arose out of the practice followed with regard to appointment of Firemen in the Cinema and Theatre Houses by the Corporation and that the correct position according to clause 46 of the Theatre Bye-laws was that the Firemen were to be appointed by the Cinema and Theatre Houses concerned with the previous approval of the Commissioner and after appointment in this manner, their pay, allowance and leave were to be fixed and controlled by the Cinema and Theatre Houses concerned and the Firemen appointed with the approval of the Commissioner were in no way to be treated as employees of the Calcutta Corporation, but they would be employees of the Proprietors or Managers of the Cinemas and Theatres concerned. The case put forward on behalf of Shri Mahiuddin is that after the position about the proper authority to grant him leave was thus clarified by the Calcutta Corporation, he was verbally granted leave by the Manager of the Khanna Cinema for two months and he was asked to make over charge to a suitalbe substitute and accordingly, he made over charge of his duties to Shri Ashutosh Das, who was presented as his substitute and the charge was actually made over on 9th June 1961. His further case is that it is not the practice in this Cinema to grant leave to its employees in writing and leave is always granted verbally and accordingly, he was satisfied with the verbal orders of the Manager and so, he went home on leave, but after return from leave on the expiry of two months, he was not allowed to re-join his duties and was told that he had been discharged. The evidence on the record discloses that after receipt of the Corporation Circular, dated 2nd April 1960 (Ext. G), the Managing Partner of the Khanna Cinema wrote to the Commissioner a letter, dated 7th June 1961, stating that he did not like to continue their Fireman, Shri Mahiuddin, in service because they were not satisfied with his service and they had found another Fireman, Shri Ashutosh Das and he was being apppointed as Fireman and requesting that his appointment might be approved (Ext. H). In reply to this letter, the Corporation wrote a letter, dated 7th June 1961 (Ext. F), intimating that the appointment of Shri Ashutosh Das as Fireman in place of Fireman Mahiuddin had been approved by the Commissioner. It is in evidence that on 9th June 1961, Shri Mahiuddin made over the letter, Ext. 6, to Shri B. Sen of the Khanna Cinema under the receipt, Ext. 5. In this letter he informed the Managing Partner, to whom it was addressed through the Manager, that having been granted two months' leave with effect from that date, he had made over charge of his duties to Shri Ashutosh Das who would work in his place during his leave. According to the evidence of Shri Mahiuddin, Shri B. Sen was the Manager of the Khanna Cinema. Shri N. G. Dutta, the Managing Director of the Cinema (O.P.W. 1) has denied this and according to him, Shri B. Sen was not the Manager but the Accountant and they had no Manager. In any case, Shri B. Sen certainly held a responsible position in the Cinema and he accepted the letter, dated 9th June 1961. In reply to this letter, the Managing Partner of the Khanna Cinema sent a registered letter to Shri Mahiuddin, dated 12th June 1961, intimating that they had appointed Shri Ashutosh Das as Fireman and had discharged him and the reasons for his discharge were stated to be that after receiving the Corporation's circular, they had asked him to produce Fire Brigade Certificate, but he could not produce it and they were not satisfied with his work and behaviour (Ext. L). Along with this letter, a sum of Rs. 17 was sent in payment of the

balance of his dues for the month of June. The letter was also insured (Ext. L). This letter was returned undelivered with the remark "Not found, left". This appears from another registered letter, dated 4th July 1961, said to have been written by the Managing Partner to Shri Mahiuddin at his Calcutta address (Ext. M). Evidently Mahiuddin was not in Calcutta, because he had gone home on two months' leave, said to have been granted to him. There is no evidence in support of the allegation of unsatisfactory work and behaviour of Shri Mahiuddin during his employment as Fireman in this Cinema House for more than three years. There is also no substance in the allegation that he had failed to produce Fire Brigade Certificate on demand. There is no satisfactory evidence to show that any such demand was made to him. According to the Corporation's circular, dated 2nd April 1960 (Ext. G), production of Fire Brigade Certificate is not indispensibly necessary for appointment as Fireman. But the circular only states that it is desirable that the person proposed to be appointed as Fireman should be recommended by the Director, W. B. F. S., before his case is forwarded to the Commissioner for approval. In the present case, Shri Mahiuddin was appointed as Fireman by the Corporation itself in Biswaroopa Theatre before his transfer from this Theatre to Khanna Cinema in February 1958, and he had been working as Fireman in this Cinema since then for more than three years and during all this period, no question was ever raised about his competence. When he had been already appointed by the Corporation, it is to be presumed that he possessed all the necessary qualifications. In these circumstances, he could not certainly be legitimately and justifiably discharged simply for the reason that he could not produce a Fire Brigade Certificate. This plea of the Cinema for his discharge is frivolous and groundless and is nothing but a make-shift excuse to dispense with his service. There is no evidence to prove that during his service in this Cinema for more than three years, he was ever charged with inefficiency or misbehaviour at any time. There is no satisfactory evidence to prove that his work was unsatisfactory. This plea also, as raised in the letter of the Managing Partner, dated 12th June 1961, is absolutely hollow and groundless and cannot be a justifiable or reasonable ground for his discharge from service. It appears that just after receiving the Corporation's circular, according to which, the Cinema Owner was competent to appoint a Fireman on his own initiative and responsibility, subject to approval of the Corporation, the Managing Partner of this Cinema work advantage of this position by deciding to do away with the service of Shri Mahiuddin and appoint a man of his choice, Shri Ashutosh Das, and accordingly, he at once wrote to the Corporation on 7th June 1961 for approval of the appointment of Shri Ashutosh Das in place of Shri Mahiuddin after discharging the latter on some absolutely frivolous and hollow grounds. After considering the entire evidence on the record, both oral and documentary, I am satisfied that Shri Mahiuddin was verbally granted leave by Shri B. Sen, responsible officer of this Cinema, and he went home in good faith believing that he had been granted two months' leave and after making over charge to Shri Ashutosh Das produced by the Cinema as his substitute. Shri B. Sen might or might not have been the Manager. That does not matter much. It cannot be gainsaid that he was a very responsible officer in the administration of the Cinema. I also accept Shri Mahiuddin's plea that he was granted verbal leave in accordance with the prevailing practice. His case is that the Cinema employees have to make written applications for leave, but leave is always granted verbally and the grant of leave is never communicated in writing to the applicants. This position has been denied by Shri N. G. Dutta, the Managing Partner. He has, however, been constrained to admit in his evidence that whenever any application for leave is made, the applicant is told verbally whether he is granted leave or not, but in all cases, he passes an order in writing on the application. So, he admits that the applicants are told verbally whether the leave is granted or not. He has not produced a single leave application of any of his employees to show that he recorded the order granting or rejecting leave on that application besides communicating the order verbally to the applicants. All leave applications must be in the Cinema office. So, in these circumstances, I am unable to believe the plea of Shri N. G. Dutta that orders granting leave are always passed in writing and nobody can go on leave without such written order. What happened in connection with the present leave application of Shri Mahiuddin is that he was told that the Corporation was the proper authority to grant him leave and so he might apply to the Corporation (vide Ext. I) and when after reference of the matter to the Corporation, the clarificatory circular, dated 2nd April 1960, was received from the Corporation, the Cinema authorities did not at once inform Shri Mahiuddin that his leave had not been granted and it was only after the receipt of his letter, dated 9th June 1961 (Ext. 6), informing that he had made over charge to Shri Ashutosh Das, who had already been appointed by the Managing Partner with the approval of the Corporation, that Shri Mahiuddin was sought to be informed by the Managing Partner's letter, dated 12th June 1961, that he had been discharged from service on the hollow and groundless pleas already referred to and discussed above. But this letter came back undelivered, as it was sent to his Calcutta address where he was not staying, because he had gone home. There is also no substance in the argument raised on behalf of the employer that he was rightly discharged, because he absented himself from duty without taking leave. After considering the entire evidence bearing on the point of his application for leave, already discussed above, I have no hesitation to hold that he was verbally granted leave and in any case, he was made to believe that he would be granted leave and all that he was to do was to make over charge to his substitute and this substitute was arranged from the employer's side and he was Shri Ashutosh Das, in regard to whose appointment approval had been sought for by the Managing Director's letter, dated 7th June 1961 (Ext. F). After giving careful consideration to the entire evidence and circumstances of the case as discussed above, I find no justification whatsoever for the termination of service of Shri Mahiuddin after he went home on leave. It has been pleaded on behalf of this workman that he had joined the Union and had taken a leading part in the Union activities and the Union had been persistently complaining about irregular payments of wages of the employees and making representations for redress of this

grievance and all this annoyed the employers and Shri Mahiuddin was made a victim at the first opportunity which presented itself when he applied for leave and when it was clarified from the Corporation's circular that the Cinema owner could appoint a Fireman on his own responsibility and initiative subject to the approval of the Corporation only. Exhibits 14 to 20 are some representations made to the Managing Partner of the Cinema with the receipts granted by Shri B. Sen for regular payments of the wages of the employees and these representations were made from 1958 to 1960. The last representation (Ext. 14) was made in October 1960. The concerned workman, Shri Mahiuddin, was a signatory to all these representations. Considering the whole facts and circumstances of the case, I am satisfied that the Managing Partner, Shri N. G. Dutta, became annoyed with this workman, but this annoyance was not certainly due to his inefficiency or unsatisfactory behaviour, as alleged in the letter, dated 12th June 1961 (Ext. L). Had it been so, the Manager Partner would have naturally at once charged him with inefficiency and unsatisfactory work, but nothing of this sort was ever done. His annoyance was, therefore, due to other reasons and from the evidence, the only other reason that can be inferred is that he had taken part in making representations for stopping irregular payments of wages to the Cinema employees. In this respect of the case, it may quite safely be said that he was victimised, because he, along with others, put up a joint demand for regular payment of wages.

On the above decisions and for the reasons given above, I hold that the termination of service of the concerned workman, Shri Mahiuddin, was not justified. As to the reliefs admissible to him, I think there is no reason to deprive him of reinstatement to service with sufficient back wages by way of compensation and after considering the over-all facts and circumstances of the case, I would allow him back wages for six months at the rate last drawn.

Accordingly, I award that the termination of service of Shri Mahiuddin was not justified and he be reinstated to his former service in this Cinema on his reporting for duty within 15 days from the publication of this award and the Cinema do pay him back wages for six months at the rate last drawn within 15 days of his reporting for duty.

## AWARD

In short, the case of the workmen of Rainbow Colour Co. is that on 3rd August 1959 a charter of demands was submitted on behalf of the employees of the Company and as a result thereof the workmen were abused and threatened by the employer. On 23rd November 1959 Shri Motki Das and 15 other workmen were verbally dismissed. Subsequently the employer gave out that Shri Banamali Samanta and others had been retrenched. In this reference the prayers of the workmen are that the existing pay should be enhanced and dearness allowance be allowed, that leave should be granted to the extent of one month to the workmen with pay, that there should be provision for permanency of service after six months' employment, that bonus for the years 1956-57, 1957-58 and 1958-59 should be given to the workmen out of profit, that Sarbashri Motki Das, Dhani Das and Bhairab Jadav should be re-employed on payment of full compensation and that there should be reinstatement of Shri Banamali Samanta and eight others named in issue No. 6 of the order of reference.

The Company's allegations are simple. It is stated that the employer Shri K. M. Roy carries on trade or business in dyestuff. This is a proprietory concern. The business is carried on by purchase of different colours from different markets in India and by imports from foreign countries in bulk and in packets. There is a godown of the Company for storage of colour and the workmen employed there fill the packets with colour and pack the same. Those packages are meant for sale. Due to the difficulty of importing colour from foreign countries and on account of decline in the business, the Company had to retrench the workmen in question for the interest of the business in order to maintain the industry and to avoid loss retrenchment had to be resorted to. It has been stated that the minimum total emoluments of the workmen amount to Rs. 60 per month. The wages cannot be enhanced and no dearness allowance can be paid. Regarding leave, the case of the Company is that leave is granted in individual cases up to one month with pay as required by the workers. A workman after completion of probationary period of service for one year to the satisfaction of the employer is considered permanent. On the question of claims of bonus, it has been stated by the Company that the claims are belated and the accounts had been closed. The claim for the year 1958-59 cannot be entertained because the employer sustained loss for this year. On the question of retrenchment, the principle of "last come, first go" was followed and the retrenched workmen were offered one month's wages in lieu of notice along with retrenchment compensation according to law but the workmen refused the amount offered. With regard to Motki Das and two others, mentioned in issue No. 5, the Company has set up the story that they misbehaved in course of their service and after due enquiry they were found guilty and dismissed from the service. The story of verbal dismissal set up by the Union has been denied. The Company has, in fact, denied the allegations made by the Union and opposed the claim of the workmen.

In this case seven witnesses have been examined on the side of the Union and one for the Company. Several documents have been put in by both the parties as exhibits.

I shall at the very out set mention that during the argument Shri Panchanan Bhattacherjee appearing on behalf of the Union gave up the claims regarding issue Nos. 2, 3 and 5. Issue No. 2 relates to leave, issue No. 3 relates to the question of permanency of service, and issue No. 5 relates to the dismissal of Sarvashri Motki Das, Dhani Das and Bhairab Jadav. It has been submitted by Shri Bhattacherjee that in view of the evidence on record and the oompromise between the Company and Shri Motki Das and two others, this Tribunal need not consider this three issues and that the workmen gave up claims regarding these issues. The evidence shows that there is no dispute over the fact that the workmen get a month's leave with full pay during a year and this leave is adjusted against the absence of the workmen. The workmen are satisfied with it. Regarding the permanency of service, the evidence of O.P.W. 1., Shri Samarendra Nath Roy, an employee of the Company, is that a worker is made permanent after one year's continuous service. The workmen are satisfied with this. It is in evidence also that during the pendency of the dispute Shri Motki Das, Shri Dhani Das and Shri Bhairab Jadav have been reinstated by the Company. In these circumstances, I must hold that there is no dispute regarding issue Nos. 2, 3 and 5.

Out of the remaining three other issues, I shall take up for the sake of convenience the issue No. 6, viz., whether the retrenchment of Shri Banamali Samanta and eight others is justified; and whether they are entitled to any relief. The Company's case is, as I have already stated, that the business was on decline and, therefore, the Company had to retrench these workmen for the survival of the business. If these persons were allowed to work, there would have been no profit, and the business would have to be closed down. The onus is upon the Company to prove its case. P.W. 1, Shri Roy, has stated in his evidence that the business depended upon imports and on local purchase and that at present the import has become a difficult job. The imports have also been restricted nowadays. From the month of May 1959, there was decline in business for want of import. Laying-off was necessary and a notice was sent to several persons. That notice is marked as Ext. E, dated 31st December 1959. In this notice there was a statement that there was deterioration in the business and retrenchment was necessary. There was no challenge about this notice. The Company further offered one month's remuneration in lieu of notice along with compensation to the workmen who were retrenched. The amounts payable to the workmen are stated in Ext. E(1). There is no denial about the offer of compensation, rather the evidence is that the workmen refused to accept the compensation. It appears that the compensations were given according to the provision of the Industrial Disputes Act. There is neither any dispute about this fact. The main question, therefore, is whether the Company had sufficient work to employ the workmen retrenched and whether the Company could retain those persons. I have considered the materials on record including the statement of the witnesses of the Union. I find nothing to suggest that the financial condition of the Company at the relevant time could retain the retrenched workmen. P.W. 1 has stated that after retrenchment the workmen remained outside the godown and never entered the godown. None of the workers saw actual work inside the godown. As

against these evidences O.P.W. 1 has stated that after the retrenchment of the workers in 1959, three workers are doing the packing and labelling in the godown and there has been no increase in the number of the workmen in the godown. This is 1963. During the last three years, therefore, the Company is carrying on business with three workmen in the godown and there was no increase in their number. This act of the proprietor of the firm is a bona fide one, and I am convinced from the evidence on record that from 1959 the course of the business of the Company was on the decline and, therefore, very reasonable for the best interest of the business and with bona fide apprehension the workmen Sarvashri Banamali Samanta, Bindeswar Das, Inder Jadav, Bagaon Ram, Pran Krishna Saha, Hridayananda Samanta, Ghaneshyam Sahu, Sanatan Barick and Banarasi Singha, named in issue No. 6, were rightly retrenched. There was no sufficient work or means for the Company to engage them. That there was loss of the Company during the year 1958-59 will be evident from the Profit and Loss Account, Ext. C, the statement showing available surplus, Ext. C(1), and the Balance-Sheet for the relevant year, Ext. D(2). Shri Bhattacherjee for the Union conceded during the argument that the evidence shows that there was loss of the Company during the year 1958-59 and, therefore, he did not press for the claim of bonus for the relevant year. In this connection it should be mentioned that the business year of the Company runs from 1st November to the 31st October of the following year. In connection with this issue I should also refer to Ext. 4, statement of containers purchased by the Company during the period from December 1959 to October 1960 and from November 1961 to October 1962. It has been argued that the huge number of containers purchased by the Company during November 1961 to October 1962 will show that there was sufficient work for packers and labellers in the godown. As against this argument the evidence is that only three coolies have been working during the last three years in the godown for the purpose of packing and lebelling There is no evidence either that all the tin containers were packed by the coolies. In any view of the matter, it has been proved that the three coolies for the last three years are doing the work of the Company as packers and labellers and three is no further need of any further workman. I, therefore, hold that the Company for the best interest of the business acted bona fide in retrenching the workmen Shri Banamali Samanta and eight others, named in issue No. 6. The retrenchment was reasonable and justified. The workmen in question are, therefore, not entitled to reinstatement.

After the retrenchment the Company offered them one month's full wages along with compensation for reternchment as provided under section 25F of the Industrial Disputes Act. The offer of compensation was reasonable, but the workmen refused them. In the circumstances, the workmen cannot get any relief in respect of issue No. 6. The workmen are at liberty to get from the Company the compensations offered to them.

On the question of bonus referred to in issue No. 4, the objection has been taken by the Company that the claim for bonus for the years 1956-57 and 1957-58 is not maintainable being belated. It has been argued that the accounts for these two years have already been settled and cannot be reopened as there is no valid reason for the delay in claiming the bonus. Exhibit 1, a letter addressed to the Labour Commissioner, Government of West Bengal, by the Secretary, Calcutta Rangkal Mazdoor Congress, dated 3rd August 1959, shows that for the first time the demand for bonus was made in August 1959. This demand was made for bonus for the years 1956-57, 1957-58 and 1958-59. In the circumstances, therefore, the demand for bonus for the year 1957-58 does not appear to be delayed. There is no evidence or materials on record to explain the delay for the demand of bonus for the year 1956-57 which expired long ago. Clearly, therefore, the claim for bonus for the year 1956-57 has been unreasonably delayed without any sufficient reason. The accounts of that year were settled and cannot be reopened. The admitted proposition of law is that the claim for bonus for past years can be rejected on the ground that settled account cannot be reopened unless valid reason for the said delay is assigned. This proposition has been accepted in several cases. Some of those cases are reported in 1952, I( L.L.J.p. 1954, I, L.L.J.p. 21 and 1955, I, L.L.J.p. 530. I, therefore, reject the claim for bonus for the year 1956-57.

Regarding the claim for bonus for the year 1957-58, the Company wants to say that during that period there was loss of the Company and for this purpose the Company relies upon the Profit and Loss Accounts, Ext. B, the statement of available surplus prepared by the Company, Ext. B(1) and the Balance-Sheet Ext. D(1). Exhibit B(1) shows that the Company suffered loss to the extent of Rs. 1,167. Exhibit D(1), the Balance-Sheet, shows that the proprietor transferred a sum of Rs. 13,250 to the assets of the Company. The amount has not been shown or explained in the Profit and Loss Accounts or in the statement of available surplus of profit for the year 1957-58. Clearly, thereore, this amount of Rs. 13,250 was earned by the Company and deposited as assets. This amount is, in fact, profit earned by the Company during the relevant year. On the face of this profit, I am inclined to hold that the labourers of the godown working during the year 1957-58 for more than six months would be entitled to get bonus at the rate of one month's wages and those who worked for less than six months calculating on the basis of working days would be entitled to get bonus on the basis of 15 days' wages.

Regarding the bonus for the year 1958-59, it has been clearly conceded by Shri Bhattacherjee, appearing for the Union, that the Profit and Loss Accounts, the statement showing available surplus of profit for the year 1958-59, and the Balance-Sheet for the said year clearly show that there was no profit of the Company for the year in question, and he has submitted without reservation that the workers do not claim any bonus for the year 1958-59. I must state that the Profit and Loss Accounts, Balance-Sheet and the statement showing available surplus of profit for the year 1958-59, submitted by the Company, are not quite rigidly prepared but still there is no doubt at all that the Company suffered loss during the year 1958-59. There is no profit earned by the Company. I, therefore, find that the workers cannot get any bonus for the year 1958-59.

In the result, on the question of bonus, the workers will get bonus for the year 1957-58, as decided by me hereinbefore.

The last issue that requires to be considered is the question of pay and dearness allowances. The Company wanted to say that the minimum wages offered to the coolies, who work as packers and labellers, were Rs. 60 per month in the minimum. The wages included dearness allowance. The Company's own chart of wages, Ext. E(1), will show that the minimum pay was Rs. 30 per month and the maximum rate of wages is Rs. 65. The Company has not produced any reliable document or any material to show its own capacity to pay the workers at the present moment. The papers are lying in possession of the Company. No reason has been assigned as to why the important and relevant documents had not been produced. I cannot draw any favourable presumption for the Company. There is no evidence that at present moment the Company is a losing concern, rather it appears that there as been an addition in clerical staff in the shop of the Company. The earned lawyer of the Company during the argument has left the matters regarding fixation of wages and gradation entirely to the Tribunal. Rs. 30 a month as pay is abnormally a meagre amount for any human being to secure only food for maintenance for his body and life. There has been rise in the price lavel. However, on consideration of all the facts, I am of the opinion that the minimum wages for a labeller or a packer must be Rs. 50 per month. But there shall be no separate dearness allowance. It is also desirable that there should be some increment. A gradation of wages has got to be fixed. I hold that the scale of wages of the coolies including packers and labellers must be fixed at Rs. 50 to Rs. 70 per month with an annual increment of Rs. 2 (i.e., Rs. 50—2—70). This is my finding with regard to the fixation of wages and grades.

Lastly, before I come to an end, I should deal with a preliminary point that this is not an industrial dispute. From the evidence it would appear that the workers have been fighting over a principle regarding certain general grievances and in particular over retrenchment of some persons. It has been argued from the side of the Company that no instrument is required for packing and labelling and no skill is necessary for the workmen and, as such, the Company cannot be called an "industry". Section 2(s) of the Industrial Disputes Act defines "workman". "Workman" means any person employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward. The evidence of this case shows that the Company is an "industry" and labellers and packers and other employees are "workmen". The instant dispute is certainly an industrial dispute coming under the purview of the provisions of the Industrial Disputes Act. It has been argued from the side of the Company that the Calcutta Rangkal Mazdoor Congress cannot represent the workmen and the ground urged is that the workmen are not members of the Calcutta Rangkal Mazdoor Congress. The evidence of the witnesses examined on behalf of the Union clearly shows that they are members of this Calcutta Rangkal Mazdoor Congress. As against this evidence, there is no reliable evidence on the side of the Company to say that the workmen are not members of the Union. Even if the workmen were not members of the Union, the Calcuta Rangkal Mazdoor Congress being an allied Union had status to repersent the workmen who are willing to get its assistance in the matter of representation. The point thus urged from the side of the Company regarding the maintainability of the proceedings before this Tribunal is rejected.

I thus give my award over the dispute in question.

## AWARD

By Order No. 2995-I.R./IR/10L-132/69, dated the 14th June 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Shalimar Works Private Ltd., 1 Foreshore Road, Shibpore, Howrah, and their workmen represented by Shalimar Works Clerks' Union, 96/1 Abinath Banerjee Lane, P.O. Shibpore, Howrah, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

### Issue

Bonus for the members of the clerical staff for 1956, 1957 and 1958.

This reference was received from the Government for adjudication of an industrial dispute existing between Messrs. Shalimar Works Private Ltd., 1 Foreshore Road, Shibpore, Howrah (hereinafter be referred to as the Company) and their workmen represented by Shalimar Works Clerks' Union (hereinafter be referred to as the Union). The industrial dipsute that was referred for adjudication is in respect of claim of bonus for members of the clerical staff for the years 1956, 1957 and 1958.

As usual parties were given notice of the reference. They entered appearance and filed their respective written statements. There was some delay in production of relevant documents by both parties in view of the objections raised by the Company to the production of documents called for from their custody by the Union. So, the matter was heard at length and proper directions were given to the parties. Thereupon the order was complied with by the parties. In spite of delay I must congratulate the parties for ending the dispute by amicable settlement which is not only desirable for the interest of the parties themselves but also for the peaceful working of the mill for augmenting a national wealth, specially at the present juncture when we are faced with foreign aggression.

I have perused the joint petition presented before this Tribunal on 11th January 1963 on behalf of the Company and the members of the clerical staff of the Company. The Company has agreed to pay additional bonus of one month's basic wages for each of the years 1956 and 1957 at the basic wage rates of 1956 and 1957 respectively and an additional bonus of 15 days' basic wages for the year 1958 at the basic wage rates of 1958 to all the members of the clerical and durwan staff who were actually in employment in those years. The Company, as it appears, has further agreed in consideration of the amicable settlement arrived at between the parties in respect to bonus claim of any kind and also as a gesture of good-will to make an ex-gratia payment of 15 days' basic wages at current rates to all its present employees who are members of the clerical and durwan staff on the clear and express understanding that this will be a purely ex-gratia payment without creating any precedence for the future.

The terms amicably settled between the parties are very fair, reasonable and lawful. Thereofre, I accept the terms and give an award on compromise in terms of the joint petition filed by the parties on 11th January 1963 which do form a part of the compromise award as annexure thereto.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge,
Seventh Industrial Tribunal.

For the Union: None.

For the Company: Shri B. K. Mukherjee, Advocate.

**AWARD**

The above dispute over the issues given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 7597-I.R.|IR|10L-262|61, dated the 8th December 1961.

**Issues**

1. Bonus for the year 1960-61.

2. Whether the employees are entitled to get their wages for the period of lock-out from the 11th October 1961 to the 24th October 1961.

The case was finally fixed for hearing on 15th January 1963. On that date, the Company appeared ready for hearing through its Advocate, Shri B. K. Mukherjee, but none appeared for the Union and no step was taken on its behalf. On the previous date of hearing too none appeared for the Union and the case was adjourned on the application of the Company's Advocate. The case was taken up for ex-parte hearing on 15th January 1963 in the afternoon.

In the written statement filed on behalf of the Union it is admitted that the dispute over the claim for bonus for 1960-61 raised by the workers led to a lock-out from 11th October 1961 when conciliation proceedings in respect of the dispute were going on in the Labour Directorate and finally there was an amicable agreement between the Company and its workmen through their Union in settlement of the entire dispute on 24th October 1961 and according to the terms of this agreement, the Company was to pay 15 days' wages as bonus to the permanent workers and Rs. 15 to each temporary worker and the lock-out was lifted with effect from that date. It is then complained in the Union's written statement that the Company did not implement this agreement and it did not also

exhibit any intention to implement the agreement and it did not even forward a copy of the agreement to the Conciliation Officer, as undertaken by it. After the aforesaid allegations, the Union claims bonus for the year 1960-61, on the basis that there was sufficient profit to the Company during that year to enable it to pay four months wages as bonus to each worker and the claim for bouns is made accordingly. The Union also claims regular wages for the lock-out period on the ground that it was illegal and unjustified.

The Company, in its written statement, has pleaded that the agreement, dated 24th October 1961, was made in settlement of all disputes between the Company and its workmen represented by the Union and the Company fully implemented this agreement and as such the Union and the workers are bound by this agreement and it cannot raise any further or other claim outside the agreement. It is denied that the Company earned huge profit in the year 1960 and it is contended that it was a year of loss. The fact of lock-out from 11th October 1961 and its withdrawal on 24th October 1961 after the agreement of that date is admitted and it is contended that in view of the agreement no lock-out wages are payable to the workers, the claim in respect of which was given up by the workers. The Company has finally pleaded that in view of the admitted agreement, dated 24th October 1961, and its implementation by the Company in full, the workmen are not entitled to any relief under any of the issues referred for adjudication.

At the ex-parte trial, only the Company produced evidence in support of its case. Shri Jivraj Baid, an Assistant in the office of the Company, was examined. He proved the agreement, dated 24th October 1961, and other documents showing that the agreement was fully implemented in regard to the payment of agreed bonus to the permanent and temporary workmen (Exts. A, B, C and D series). Exhibit E shows that one worker, Shri S. K. Rau, refused to accept the agreed bonus for 1960 sent to him by M.O. and so the M.O. was returned. It has been proved by him that the accounting year of the Company is the English calendar year and the undisputed agreement, dated 24th October 1961, accordingly related to the claim for bonus for the year 1960 only. Exhibit A, the agreement, supports this position. So, the year of bonus given as 1960-61 in the issue is wrong. The Company has no such accounting year. The issue is to be treated as relating to bonus for 1960. It cannot relate to the year 1961, because the reference was made before this year was over. I am fully satisfied from the unchallenged and unrebutted evidence, oral and documentary, produced by the Company that the agreement between the Company and the Union representing the workmen, dated 24th October 1961, in settlement of the disputes over bonus and lock-out has been fully implemented by the Company and the said agreement is fully binding upon both parties to it and so upon the Union and the workmen of the Company and the workmen cannot now turn round and raise claims inconsistent with the agreement. The bonus payable under the agreement has been paid and the Company has proved its bona fide intention in the matter of implementation of this term of the agreement. According to the other terms of the agreement, the workmen are not entitled to any wages for the lock-out period. These terms are also fully binding upon both parties and the workmen cannot now claim any wages for this period. I am further satisfied from the audited balance-sheet and the profit and loss account produced by the Company, Ext. F, that the Company suffered some loss by way of trading results in the year 1960. There is thus no ground for considering the claim for bonus even apart from and independently of the agreement, dated 24th October 1961. The bonus claimed is certainly profit bonus and when the unchallenged balance-sheet shows that there was no profit, there can be no question of granting any profit bonus to the workmen. The Company has further proved by the unchallenged evidence of it witness, O.P.W. 1 Shri Jivraj Baid, that the copies of the agreement, dated 24th October 1961, were sent to the Conciliation Officer and other authorities. I see no reason to disbelieve this evidence. Upon the facts proved and discussed above, I am fully satisfied that the entire dispute between the workmen and the Company in regard to the bonus for 1960 and the lock-out from 11th October 1961 to 24th October 1961 was fully settled in terms of the agreement concluded between the Company and the Union representing the workmen and the terms of the agreement have been implemented by the Company and the Company has also bona fide intention of implementing it and the workmen are not entitled to any bonus outside the scope of the agreement and they are not entitled to any wages for the lock-out period from 11th October 1961 to 24th October 1961. I am further satisfied that the agreed bonus has been paid or tendered to all the workmen.

Accordingly, I award under issue No. 1 that the Company is liable to pay bonus for the year 1960 according to the terms of the agreement, dated 24th October 1961, and that it has paid or tendered this bonus to all permanent and temporary workmen and if any workman has not actually received the bonus, he can call on the Company for receiving it within 15 days from the publication of the award and the Company shall pay him the said bonus within a week from the demand and the workmen are not entitled to any further or other bonus for the year 1960, which is really the year of bonus covered by issue No. 1, there being no such accounting year as 1960-61; and under issue No. 2, I award that the workmen are not entitled to any wages in terms of the agreement, dated 24th October 1961, for the lock-out period from 11th October 1961 to 24th October 1961. A copy of the agreement, dated 24th October 1961, Ext. A, is made a part of the award.

### DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

### RESOLUTION

No. 506/MI-61/62.—7th February 1963. — The administration of the Raniganj municipality in the district of Burdwan has been engaging the attention of Government for some time past. The municipality was inspected by the Additional District Magistrate, Burdwan, in February 1962 and again in September last. The reports reveal an extremely unsatisfactory position particularly in regard to the general financial position of the muncipality. The following are some of the instances of incompetency and default shown by the commissioners of the municipality in the performance of their duties:—

(1) The old waterworks of the municipality built in 1924 or so was replaced in 1959 at a cost of Rs. 12.86 lakhs. But no depreciation fund for the new waterworks has been created. This shows that the municipality has no adequate revenue to set aside a necessary amount for the depreciation fund.

(2) The municipal commissioners have diverted a portion of the Government contribution specially given to the municipality for Road Development Schemes to general purposes without previous sanction of Government and have thus contravened the provisions of rule 202 of the Municipal Account Rules.

(3) A portion of the sum sanctioned for development of primary school buildings has been diverted and merged in the General Account in contravention of rule 202 of the Municipal Account Rules.

(4) Though the municipal commissioners are meeting general expenses out of the Government contribution given for special purposes they have failed to submit to the District Magistrate bills amounting to Rs. 80,000 payable by Government as subvention. This indicates an utterly inefficient administration.

(5) The financial position of the municipality is desparate. The cash in hand and in the Bank Account is hardly Rs. 3,000 whereas the statutory requisite of two months' monthly recurring expenditure is of the order of Rs. 25,000. The commissioners have thus persistently made default in maintaining the statutory minimum closing balance prescribed under rule 28 of the Municipal Account Rules.

(6) The municipal commissioners are sharply divided, as a result of which they are not in a position to express their opinion on important issues like delimitation of the municipality into single-member constituencies.

2. After a very careful consideration, Government have come to the conclusion that the commissioners of the Raniganj municipality have shown their incompetency to perform and have persistently made default in the performance of duties imposed on them under the Bengal Municipal Act, 1932, and the rules framed thereunder relating to the administration of the said municipality and that the present state of affairs cannot be allowed to continue without serious detriment to the interests of the inhabitants of the municipality.

3. In exercise of the power conferred by sub-section (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is, therefore, pleased to declare the commissioners of the Raniganj municipality to be incompetent and in default and to supersede them for a period of two years with effect from the 11th February 1963.

Ordered that this resolution be published in the "Calcutta Gazette".

(4) Where an employer terminates the employment of a person whom under sub-section (1) of section 24 it was his duty to reinstate, within a period of six months from the date of reinstatement, he shall, notwithstanding anything to the contrary contained in the conditions of employment, be liable to pay such person at the time of terminating his employment as aforesaid a sum equal to the remuneration which such person would have earned under the terms of re-employment agreed, or fixed by the technical Personnel (Reinstatement) Tribunal, during the unexpired portion of the said period:

Provided that an employer shall not be liable to make such payment as aforesaid where the employment is terminated for the reason that such person has been guilty of gross insubordination, habitual absence from work or any serious misconduct or has been convicted of any criminal offence:

*Explanation*: Any sum required to be paid under this sub-rule shall be in addition to the amount, if any, which the employer may, under the conditions of employment, be liable to pay in respect of termination of the employment without notice.

(5) The duty imposed by sub-section (1) of section 24 upon an employer to reinstate in his employment a person such as is described in that sub-section shall attach to an employer who, before such person is actually released for or taken into employment in the national service, terminates his employment in circumstances such as to indicate an intention to evade the duty imposed by that sub-section, and such intention shall be presumed until the contrary is proved if the termination of the employment takes place after the issue of an order of requirement by a National Service Tribunal or the Central Government for the release of such person for employment in the national service or after the issue of a direction to such person under clause (c) of sub-section (2) of section 23.

(2) Every order passed by a Tribunal under sub-rule (1) shall be communicated to the employer of the establishment making the application as expeditiously as possible, and in any case, within fifteen days of the despatch of such application, failing which the Tribunal's permission shall be assumed to have been obtained by such employer.

(3) In considering applications for the grant of permission under clause (a) of sub-section (1) of section 25 or under sub-rule (1), the Tribunal shall be guided solely by the consideration whether in its opinion the services of the person who wishes to leave his employment or training or whom the employer proposes to discharge or dismiss, as the case may be, can be employed most effectively in connection with work of national importance in his existing employment or training.

23. **Control regarding the engagement of technical personnel:** (1) A Tribunal may under sub-section (2) of section 25 control the engagement of technical personnel by establishments (including notified establishments) by general order published in the press when the order is of general application, or by a special order when the order is of special application directing—

(a) that no establishment shall offer employment to any technical personnel or class of technical personnel employed in notified establishments except through or with the general or special approval of the Tribunal or an officer authorised by it in this behalf;

(b) that no advertisement for technical personnel or any specified class thereof shall be issued or published in the press by any establishment or class of establishments except through or with the general or special approval of the Tribunal or an officer authorised by it in this behalf;

(c) that no establishment other than a notified establishment shall engage technical personnel already in employment, on a higher wage than that drawn by the technical personnel in the existing employment, without the consent in writing of the Tribunal or an officer authorised by it in this behalf;

(f) that any or all establishments shall forward to the Tribunal or an officer authorised by it in this behalf—

(i) particulars of all vacancies for technical personnel in their establishments other than vacancies reserved for their own apprentices, immediately on their occurrence;

(ii) a report in such form as may be supplied by the Tribunal or the officer stating, in the case of technical personnel recommended for appointment to vacancies—

(a) whether the personnel have been engaged by the establishment; or

(b) if the personnel have not been employed, the reasons of the establishment for not engaging them;

(iii) particulars of any technical personnel it may engage after a specified date, in such form and within such period as the Tribunal or the officer may direct;

(g) that with effect from a specified date any or all establishments shall issue to all or any specified classes of technical personnel employed therein for a period of not less than one month, who are discharged, dismissed or released by or from the establishments or who are permitted by the Tribunal to leave their employment in such establishments a service certificate in Form 'O', or if the employee is already in possession of such a certificate, make such additions to the certificate, as will bring it up-to-date. The certificate shall be issued, or if the employee is already in possession of such a certificate the additions to the certificate shall be made, on or before the date on which the employee whose services are terminated receives his wages;

(h) that no establishment shall engage any person included in the definition of technical personnel unless he produces either a service certificate in Form 'O' or an introduction card from an Employment Exchange specified by the Tribunal in this behalf.

24. **Refixation of wages of technical personnel to whom permission to leave employment is refused:** (1) If in considering under clause (b) of sub-section (1) of section 25 the salary or wages of a person to whom permission to leave his employment has been refused, a Tribunal is satisfied that the salary or wages paid by the employer, is less than the rate prevailing for technical personnel of such person's class in the locality concerned, it may increase the rate to such extent as will raise it to the prevailing rate, and if that rate is less than the amount which the person concerned would have received had he been permitted to leave his employment, and the Tribunal is satisfied that there exist special reasons for the higher rate so offered or obtainable, the Tribunal may further increase the rate to such an extent as it considers fair and reasonable:

Provided that the total salary or wages so fixed shall not exceed the prevailing rate by more than ten per cent.

(2) In considering under clause (b) of the said sub-section the terms of service other than salary or wages of a person to whom permission to leave his employment has been refused, the Tribunal shall be guided by the general practice of the industry concerned, having due regard to local conditions and the status of the person concerned, and may if necessary grant allowance not exceeding ten per cent. of the salary or wages fixed under sub-rule (1) in lieu of any amenities which are usually provided by the industry but for which no facilities exist at the place where such person is employed.

The Tribunal may at its discretion withhold any appeal sent after one month of the date of the order appealed against.

(2) The decision of the Central Government on all appeals will be conveyed to the Tribunal concerned which shall communicate it without delay to the appellants.

26. **Maintenance of registers by notified establishments:** Every notified establishment shall keep a register in Form F of the technical personnel taken into its employment in the national service under clause (b) of sub-section (1) of section 23 or clause (a) of sub-section (2) of section 23 or transferred to it under sub-section (4) of section 23.

30. **Orders by the Central Government under section 23(1) or (4):** Before passing an order under sub-section (1) or (4) of section 23, the Central Government may, if it considers it necessary so to do, direct the local Tribunal to hold a summary inquiry, and thereupon the Tribunal shall hold such inquiry in accordance, as near as may be, with the provisions of sub-rules (1) and (2) of rule 9 and submit a report to the Central Government.

31. **Authorities over whose signature orders, notices, etc., to be issued:** All orders of a Tribunal in Forms B, C, C-I, C-II, G or L, notices in Form H or J and copies of or extracts from, any other orders or directions given by a Tribunal under Chapter V of the Act or these rules shall be issued over the signature of the Chairman of the Tribunal or of an officer of the Tribunal authorised by the Chairman in writing in this behalf.

NOTIFICATION

No. 205F/F3L-2(21)/60. — 22nd January 1963.— In exercise of the power conferred by the proviso to Article 309 of the Constitution of India, read with Article 313 of the said Constitution and paragraph 19 of the Adaptation of Laws Order, 1950, the Governor is pleased hereby to make the following amendments in the West Bengal Service Rules, Part I, as subsequently amended (hereinafter referred to as the said rules), namely :—

**Amendments**

In the said rules —

1. In chapter VIII above rule 66, insert the following rule, namely :—

"65A. The rules in this chapter are intended to meet cases of Government servants deputed to other countries at the instance of Government, either for the performance of special duties imposed on them or for the investigation of specific problems connected with their posts. They have no application to cases where the Government servants are permitted at their own instance to go to other countries for higher studies or training, or to cases where Government servants are selected for higher studies or for undergoing special training under various technical assistance programmes such as those of the United Nations or the Colombo Plan. Such cases shall be dealt with under the provisions of rule 194".

2. In clause (b) of sub-rule (2) of rule 175 for the figure "20", substitute the figure "30".

3. For rule 194, substitute the following rule, namely :—

"194. Leave may be granted to Government servants on such terms as Government may by general or special order prescribe to enable them to study scientific, technical or other special problems or to undergo special courses of instruction. Such leave, unless otherwise decided by Government, shall not be debited against the leave account.

Note 1.—The general orders of Government under this rule are contained in Appendix No. 5".

4. In the table in rule 209, in the column under the heading "outside Asia" for the figure "25", substitute the figure "30".

5. In Appendix 5 —

(a) for the preamble and rules 1 and 2 thereunder, substitute the following preamble and rules, namely :—

"The following rules relate to study leave only. They are intended to meet cases of Government servants who are permitted at their own instance to go on such leave for higher studies in the different branches of humanities, science and technology or to cases where Government servants are selected for higher studies or undergoing special training under various technical assistance programmes such as those of the United Nations or the Colombo Plan.

1. Study leave can be granted only by Government.—It may be taken either in or outside India.

2. Study leave should not ordinarily be granted to Government servants of less than five years' service or to Government servants within three years of the date at which they have the option of retiring. Nor should it be granted to Government servants who are about to retire on proportionate pension.

2A. A Government servant while on study leave shall draw —

(i) if permitted to go abroad for higher training under any of the various technical assistance programmes such as those of the United Nations or the Colombo Plan, leave salary for the first twelve months of his absence from India, at the rate equivalent to the average pay and for the remaining periods, if any, equal to the half average pay and

(ii) in other cases, leave salary equal to the half average pay";

(b) for rule 9, substitute the following rule, namely :—

"9. (1) A study allowance will be granted for the period spent in prosecuting a definite course of study at a recognised institution or for the inspection of any special class of work, as well as for the period covered by any examination at the end of the course of study :

Provided that where a Government servant is in receipt of a stipend, scholarship, fellowship or similar concession from other sources, i.e., technical assistance programmes of the United Nations, the Colombo Plan, the United States Technical Assistance Programme, foreign Universities or Societies, etc., he shall not draw any study allowance for first twelve months of the study leave during which leave salary on average pay is drawn. For periods in excess of the first twelve months, if any, study allowance shall not also be drawn except when the value of the scholarship, fellow-ship, etc., is less than the study allowance admissible in which case the difference between the amount of the scholarship, fellowship, etc. and the study allowance otherwise admissible, shall be paid as study allowance.

(2) The rates of study allowance are 16s. a day in the United Kingdom, £1 a day on the continent of Europe, and 30s. a day in the United States of America. These rates are liable to revision. The rate to be granted to Government servants who take study leave in other countries, including India, will be specially considered by Government in each case".

(c) For rules 13 and 14, substitute the following rules, namely : —

"13. Study leave shall count as service for promotion and pension, but not for leave. It shall count as extra leave and shall not be debited against the leave account : Provided that in a case where clause (i) of rule 2A applies, the whole or a part of the study leave, as the case may be, up to a maximum period of the leave on average pay, if any due, on the date from which the period of absence from India begins, shall be credited to the leave account.

14. The leave salary admissible during study leave under rule 2A is subject to the maxima and minima laid down—

(a) in rules 208 and 209 in the case of Government servants governed by the ordinary leave rules; and

(b) in rule 175 in the case of Government servants governed by the Revised Leave Rules.

14A. The rate of exchange prescribed by Government for the conversion of leave salary shall apply to study leave allowance.

14B. A Government servant may, subject to the approval of the appropriate authorities being obtained as required by rule 6 or 7, undertake or commence a course of study during leave on average pay, and subject to rules 9 and 10, draw study allowance in respect thereof.

14C. Study allowance shall not be drawn for a period exceeding two years in the aggregate during the whole period of a Government servant's service.

14D. No Dearness Allowance, if any admissible while on duty in India, will be granted to Government servants on study leave; but persons drawing leave-salary not exceeding £30 or its rupee equivalent as the case may be, may be given dearness allowance, the amount of such allowance being determined on the basis of the leave salary actually drawn and the rates as may be sanctioned by Government from time to time. Officers drawing leave salary in excess of £30 or its rupee equivalent shall draw such amount of dearness allowance as together with the leave salary equals the sum of leave salary of £30 (or its rupee equivalent) and the dearness allowance admissible on £30."

By order of the Governor,

J. L. KUNDU, Addl. Secy.

### NOTIFICATION

No. 1930-Ind.—25th June 1962.—In pursuance of sub-section (3) of section 38 of the State Financial Corporations Act, 1951 (LXIII of 1951), the Governor is pleased hereby to publish copies of the statement of assets and liabilities of the West Bengal Financial Corporation as at the close of the financial year ending on the 31st March 1961, together with the profit and loss account for the year, the auditors' report and a report of the working of the said Corporation during that year, furnished by it under the said sub-section.

By order of the Governor,

S. DUTT-MAZUMDAR, Secy.

## REPORT OF THE BOARD OF DIRECTORS OF THE WEST BENGAL FINANCIAL CORPORATION FOR THE YEAR ENDED THE 31ST MARCH 1961

The Board of Directors present herewith the accounts for the year ended the 31st March 1961, together with their report on the working of the Corporation during the year.

| | Rs. nP. | Rs. nP. |
|---|---|---|
| After payment of expenses of administration and other charges (including depreciation and interest on Bonds issued) the net profit of the Corporation for the year comes to .. | | 6,04,378·46 |
| Out of this amount, the following appropriations have been made :— | | |
| (a) Provision for income-tax | 2,55,649·01 | |
| (b) Transfer to Reserve Fund established in terms of sub-section (1) of section 35 of the State Financial Corporations Act, 1951 .. .. | 30,000·00 | |
| (c) Amount transferred to write off the outstandings in "Discount on the issue of Bonds A/c." .. | 6,250·00 | 2,91,899·01 |
| leaving available for distribution. .. | | 3,12,479·45 |

2. The State Government, in pursuance of section 6 of the State Financial Corporations Act, 1951, have guaranteed a minimum dividend at 3½ per cent. per annum on the shares of the Corporation. The amount required to pay the dividend is Rs. 3½ lacs. It is proposed to utilise the above amount of Rs. 3,12,479.45 nP. towards payment of this dividend, and request the Government of West Bengal to give subvention for the balance of Rs. 37,520.55 nP. to make up the deficit.

3. In terms of the Finance Act, 1961, it has been laid down that an amount not exceeding 10 per cent. of the total income of the Corporation, if carried to a reserve fund, shall be allowed as a deduction from our profits for income-tax purposes until the aggregate of the amount so carried to the fund equals the paid up capital of the Corporation. We have, as directed by the State Government in this regard, transferred a sum of Rs. 30,000, being 5 per cent. of our profits to our reserve fund thereby partially availing of the concession. A sum of Rs. 6.804.48 nP., being the excess provision for income-tax made in previous years, has also been taken into account. Although, therefore, the Corporation's profits were higher, the provision for income-tax made for the year under review was less being Rs. 2,55,649.01 as against Rs. 2,72,649.08 in the previous year.

4. The Corporation has been making a steady progress as will be evidenced from the following statement of profits earned and the subvention required from the State Government from year to year since its inception:

| | Profits. | Subvention from the State Government. |
|---|---|---|
| | Rs. | Rs. |
| 1954-55 .. | 1,23,757 | 2,13,567 |
| 1955-56 .. | 2,51,702 | 2,53,551 |
| 1956-57 .. | 2,93,965 | 2,19,035 |
| 1957-58 .. | 4,15,232 | 1,64,268 |
| 1958-59 .. | 4,78,030 | 1,88,719 |
| 1959-60 .. | 5,45,399 | 1,10,000 |
| 1960-61 .. | 6,04,378 | 37,520 |

Although it has not so far been possible for the Corporation to pay the minimum guaranteed dividend on its shares amounting to Rs. 3½ lacs without recourse to Government subvention, the amount required for the year under review for this purpose was the smallest, viz., Rs. 37,520. It is confidently expected that, at the present rate of progress, no subvention from the State Government will be required in future years. The Corporation's liability in respect of the total subventions received by it from the State Government, including the subvention for the year under review, amounts to Rs. 11,86,660.

5. A table showing the gross income earned by the Corporation from year to year during the last seven years and the percentage which the administrative expenses bore to the gross income is given below:

| | Gross Income. | Percentage which the administrative expenses bore to the gross income. |
|---|---|---|
| | Rs. | Per cent. |
| 1954-55 .. | 2,32,841 | 46·84 |
| 1955-56 .. | 3,45,173 | 28·89 |
| 1956-57 .. | 4,19,503 | 23·92 |
| 1957-58 .. | 5,28,937 | 22·60 |
| 1958-59 .. | 8,16,334 | 12·56 |
| 1959-60 .. | 9,24,301 | 11·42 |
| 1960-61 .. | 11,69,884 | 9·87 |

6. The commitments of the Corporation in respect of loans sanctioned up to the 31st March 1961, were as follows:

| | Rs. | Rs. |
|---|---|---|
| Total loans sanctioned .. | | 2,91,92,500 |
| Amount disbursed .. .. | 1,97,87,000 | |
| Loans declined or not made available for one reason or another.. .. .. | 57,65,500 | 2,55,52,500 |
| Amount to be disbursed .. | | 36,40,000 |
| Fund available .. .. | | 47,73,000 |

It will be seen that the available fund is sufficient to meet the commitments of the Corporation. It would, however, be necessary to augment the resources of the Corporation at no distant date with a view to meeting commitments in respect of loans sanctioned since the closing of the accounts and those being processed which are awaiting sanction. This will be done by issuing further bonds. The terms of the issue will be fixed in consultation with the Reserve Bank of India and the State Government at the appropriate time.

7. Appendices A, B, C, D and E are enclosed giving industrywise classifications of the advances granted by the Corporation.

8. The Corporation's lending rate was reduced from 7 per cent. to 6½ per cent. per annum for all loans sanctioned on and from the 10th May 1960. This reduction was made as the Corporation had been able to raise funds in February 1960, by issuing bonds carrying a lower rate of interest than in the case of the earlier bonds issued in March 1958.

9. The limit of Rs. 10 lacs laid down, under the State Financial Corporations Act, 1951, for a loan to a single industrial concern, is inadequate and should, we consider, be increased. We have taken up the matter with the Reserve Bank of India.

10. Sir B. P. Singh Roy and Shri S. R. Mitra, who were elected as directors to represent scheduled banks and co-operative banks respectively, are due to retire this year under sub-section (2) of section 11 of the State Financial Corporations Act, 1951. They are eligible for re-election. These vacancies will be filled by election by the shareholders concerned at the ensuing annual general meeting.

11. Shri B. N. Das Gupta, who was elected as a director to represent insurance companies, investment trust and other financial institutions, tendered his resignation which has been accepted by the State Government. This vacancy will also be filled by election at the ensuing annual general meeting. The Board have placed on record their appreciation of the services rendered by Shri B. N. Das Gupta during his term of office as a director of the Corporation.

12. Shri H. P. Banerjee, who had been the Managing Director of the Corporation since its inception, retired at the close of business on the 28th February 1961. The Corporation started from scratch in the year 1954 and Shri Banerjee showed organising ability and business acumen of a high order in bringing the Corporation to the status it occupies today in the industrial sector of West Bengal and the Board have placed on record their appreciation of his work.

13. On grounds of ill-health, Shri H. P. Banerjee was on leave for a period during the year under review and during this period Shri B. K. Roy, the Secretary of the Corporation, acted as the Managing Director in addition to carrying out his own duties.

14. Shri M. K. Adhikari was appointed as the Managing Director of the Corporation to succeed Shri H. P. Banerjee with effect from the 1st March 1961.

15. As required under sub-section (1) of section 37 of the State Financial Corporations Act, 1951, the accounts of the Corporation for the year under review have been audited by two auditors, one appointed by the State Government, Messrs. P. K. Mitra & Co., and the other, Messrs. S. K. Bhattacharjya & Co., elected by shareholders other than the State Government and the Reserve Bank of India. An auditor for the year ending the 31st March 1962 will be elected at the ensuing annual general meeting while an auditor for the same period under the former category will be appointed by the State Government at the appropriate time.

16. In terms of sub-section (6) of section 37 of the State Financial Corporations Act, 1951, our accounts for the year ended the 31st March 1960 have been audited by the Comptroller and Auditor-General of India and such audit for the year ended the 31st March 1961 will also be carried out in due course.

17. The Board of Directors have the pleasure in placing on record their appreciation of the work done by the officers and the staff of the Corporation during the period under review.

By order of the Board,

M. K. ADHIKARI,
Managing Director.

Calcutta,
Dated the 9th May 1961.

### AWARD

By Order No. 5783-I.R./IR/7L-7/61, dated the 30th September 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Naihati Jute Mills Co. Ltd., P.O. Hazinagar, 24-Parganas, and their workmen represented by National Union of Jute Workers, Naihati Jute Mills Committee, Shramik Shivir, P.O. Talpukur, 24-Parganas, regarding the matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

**Issue**

Whether the dismissal of Shri Mahadeo Tewari is justified? To what relief, if any, is he entitled?

This reference was received from the Government for adjudication of an industrial dispute existing between Messrs. Naihati Jute Mills Co. Ltd., of Hazinagar, 24-Parganas (hereinafter be referred to as the Company), and their workmen represented by National Union of Jute Workers, Naihati Jute Mills Committee (hereinafter be referred to as the Union).

The dispute was about dismissal of a workman, namely, Mahadeo Tewari, for misconduct.

Notices having been served, both parties entered appearance and filed their respective written statements. They were also given opportunities to comply with the procedure regarding production and inspection of each other's document. Lastly, there was an attempt to settle up the dispute amicably, but unfortunately it failed.

The Union's case in the written statement is that the workman Mahadeo Tewari was in service of the Company as a Beltman for a long period with a clean record of service. In January 1961 he took leave and went to his native village in the district of Saran. His leave was due to expire on 28th January 1961 and he was to join on the 30th January 1961, 29th being a Sunday. But unfortunately he was attacked with dysentery. He had to apply for extension of the leave up to 8th of February 1961 and submitted medical certificate in support of the ground. Then again, when he was about to start for Calcutta to resume his duties he was again taken ill of rheumatic type of pain in his right leg which kept him confined in bed for some days. So he was in a helpless condition. At about that time on 21st February 1961 he received the Company's letter, dated 16th February 1961, calling upon him to show cause why he should not be dismissed from service for misconduct under clause 14(c)(v) of the Company's Standing Orders. Immediately he replied thereto by a letter, dated 22nd February 1961, explaining the circumstances praying for extension of leave up to 28th of February 1961. Before expiry of that leave he returned to the Mill and submitted a certificate of fitness to the Company but he was told that he had already been dismissed by the Company on 25th February 1961. This was an arbitrary act of the Company in violation of the principles of natural justice. So, the prayer is for his reinstatement after setting aside the order of dismissal.

The Company in its written statement questioned the maintainability of the present application on the alleged ground that it is not an industrial dispute as contemplated in section 2(k) of the Industrial Disputes Act, 1947. But this preliminary objection was not persued and pressed by the Company at the hearing of the case and as such it was treated as abandoned. The Company has submitted that the workman Mahadeo Tewari was employed in the concern since 1st May 1950 and he worked on different jobs. Lastly, he was working as a Beltman. He took leave from 23rd to 28th January 1961 but he failed to resume his duties on 30th January 1961. So, he was called upon to show cause lastly by letter, dated 16th February 1961. But no reply was received. So, he was dismissed from service by letter, dated 25th February 1961. The dismissal was on ground of his misconduct under rule 14(c)(v) of the Standing Orders, i.e., for absenting without leave for more than 10 days, and as such the workman is not entitled to any relief from this Tribunal.

**Decision**

It is the common case of dismissal of a workman for his misconduct by the Company. The concerned workman Mahadeo Tewari, who was in service of the Company for over 10 years being employed on the 1st May 1950, was dismissed by the Company for misconduct under clause 14(c)(v) of the Standing Orders by a letter of dismissal, dated 25th February 1961, copy whereof is marked Ext. B. According to D.W. 1 Shri Krishna Chandra Jha who is the Labour Officer of the Company, this letter of dismissal, dated 25th February 1961, was sent to the workman at his native village by registered post with A/D. But it was returned undelivered with the remark of the Postal Authority: "Addressee gone to the sender". So, the letter of dismissal reached the village address of the workman at a time when he had already left for his place of work, i.e., the Jute Mill of the Company. A copy of this letter of dismissal was actually made over to the workman on 7th March 1961 as will appear from the endorsement Ext. B. I have just pointed out that the dismissal of the workman was for misconduct under clause 14(c)(v) of the Standing Orders. Exhibit C is the copy of the Standing Orders. According to the Company the workman was dismissed for his absence without leave for more than 10 days. The same standing order provides that no order of dismissal shall be made unless the workman concerned is informed in writing of the alleged misconduct and is given an opportunity to explain the circumstance alleged against him. It also provides for an independent enquiry into the charges levelled against the workman. This enquiry has been emphasised upon in several authoritative decisions. I may refer to one case reported in 1960 (I) L.L.J., 175 in which His Lordship of the Calcutta High Court has observed that "before an employee is dismissed from service for misconduct, there will be a managerial enquiry held under the provisions of the standing orders, where there are such standing orders and in absence of any such standing orders, according to the rules of natural justice." It should also be a full and fair enquiry in which the workman must have adequate opportunity to clear himself in the eyes of the management in regard to the allegations of charges against him (1960 II L.L.J. 484). Admittedly in the instant case there was no managerial enquiry, although the workman was charged for misconduct under rule 14(c)(v) of the Standing Orders, and the workman was dismissed from service for the alleged misconduct under rule 14(c)(v) of the standing orders by letter, dated 25th February 1961. So, it was a case of dismissal for misconduct even without holding a domestic enquiry or without waiting for a reasonable time to allow the workman to submit his explanations from his native village in the district of Saran in Bihar. According to the Company's Labour Officer Shri Krishna Chandra Jha (D.W. 1), the Company's letters, dated 3rd February 1961 and 16th February 1961 (Exts. A and A/1), are virtually the charge-sheets. The first letter, dated 3rd February 1961, Ext. A

which was posted by the Company on 3rd February 1961, but was actually received by the workman on 9th February 1961 as will appear from the acknowledgment which is part of Ext. A. So, it was well within the knowledge of the Company that letters usually take 5/6 days to reach the native village of the workman Mahadeo Tewari. This fact also finds support from another document Ext. D which is the Medical Certificate sent by the workman by registered post on 4th February 1961 which was actually received by the Company's Labour Officer on 9th February 1961 as admitted by him and will also appear from his dated initial appearing on Ext. D. The Company's letter, dated 16th February 1961, Ext. A/ which was actually received by the workman while he was in his native village home in Bihar on the 21st February 1961 and with all promptitude he replied to that letter of the Company by his letter, dated 22nd February 1961, which was actually received by the Company on the 27th February 1961 as admitted by the Company's Labour Officer and will also appear from his dated initial on this document Ext. A/2. But before this date the Company arbitrarily dismissed the workman on the 25th February 1961. The Company in spite of its knowledge that letters usually reach the village address of the workman in 5/6 days' time ought to have waited for 10/12 days in expectation of the reply but instead of waiting for a reasonable period, the Company hurriedly and in an arbitrary manner dismissed the workman for alleged misconduct of overstaying the leave. The workman admittedly went to his native village. But before going there he obtained leave. This fact is admitted by the Company's Labour Officer Shri Krishna Chandra Jha and also by the Time-Keeper Shri D. K. Ghosh (D.W. 2). Both of them admitted that the workman was granted leave from 23rd January to 28th January 1961. So, it is not the case of the Company that the workman absented from duty without leave. Initially he took leave and went to his native village. On the expiry of his leave he was to resume his duties on the 30th January 1961 as admitted by the Labour Officer. 29th January 1961 was a Sunday. So, he was to join on the 30th January 1961. But according to the workman he suddenly fell ill of bacillary dysentery and when his condition became worse a doctor was called from a distant place from whom a certificate was also obtained and it was forwarded to the Company. Exhibit D is the medical certificate which shows that a doctor of Sajitpur certified about his suffering from bacillary dysentery from 26th January 1961 and he also recommended for his rest up to 8th February 1961. This document (Ext. D) which was sent by the workman on 4th February 1961 by registered post was actually received by the Labour Officer on 9th February 1961 and according to the Labour Officer the workman was granted sick leave up to 8th February 1961 as recommended by his attending physician. Therefore the Company's show cause notice, dated 3rd February 1961 (Ext. A), was not acted upon. It was almost treated as cancelled in view of the admitted fact that the workman was granted sick leave up to 8th of February 1961. So, the workman on the expiry of that extended leave was due to join on the 9th February 1961. But according to him he again came to grief just before leaving for his place of work. He had an attack of rheumatic type of pain in his right leg which was so severe that he had to remain confined in bed. In the meantime the Company issued the letter, dated 16th February 1961, calling upon him to show cause why he should not be dismissed from service for misconduct under clause 14(c)(v) of the Standing Orders. This letter was received by the workman on the 21st February 1961 as will appear from the acknowledgment attached to the document Ext. A/1. Immediately on receipt of this letter the workman very promptly replied by sending letter Ext. A/2 which is dated 22nd February 1961, which according to the Company was received by the Labour Officer on 27th of February 1961. So, in spite of the prompt reply given by the workman the Company received the same on 27th February 1961. There was no unusual delay because I have already shown from the other correspondence that letters usually take 5/6 days to reach from the Company's Mill Office to the workman's native village and vice-versa. But the Company in hot haste dismissed the workman by a letter, dated 25th February 1961 (Ext. B), which was actually handed over to the workman on 7th March 1961. It is clear from the circumstances that it was a hasty action on the part of the Company in dismissing the workman in arbitrary fashion without giving the workman proper opportunity to explain the circumstances and without holding any enquiry into the alleged charges levelled against him. The Company in spite of its knowledge that the workman went to his native village on leave and he having fallen ill there was granted extension of the leave on the recommendation or his attending doctor, dismissed the workman straightway without waiting for reasonable time for his reply, and without causing any independent enquiry into the alleged charges against him. Therefore, hardly there is any justification for the Company's action against the workman. However, when the workman was dismissed for alleged misconduct under clause 14(c)(v) of the Standing Orders without holding an independent enquiry, the whole matter becomes open before this Tribunal and it is now open to the Tribunal to hold an enquiry and come to its own conclusion on the evidence before it as to whether it is a fit case for grant of relief of reinstatement and/or compensation to the concerned workman. [vide 1959 (I) L.L.J. page 187; and 1957 L.L.J. (II), page 550 at page 555.]

The Union has examined two witnesses including the concerned workman Mahadeo Tewari, whereas the Company has examined its Labour Officer and another witness who is the Time-Keeper in the Mechanic Department of the Mill. It is admitted by both these witnesses of the Company that the workman was initially granted leave from 23rd to 28th January 1961 and it is admitted by both of them that 29th January being a Sunday, the workman was due to return to work on the 30th January 1961. But again the leave was extended up to 8th of February 1961 on the basis of a medical certificate Ext. D, which was sent by the workman by post to the Departmental Head of the Department in which he was employed. D.W. 2 Shri D. K. Ghosh admitted that the leave was granted by the Departmental Overseer to whom the Medical Certificate Ext. D was sent by the workman. Therefore, the workman followed the right procedure in asking for extension of the leave from his Departmental Head who granted the leave up to the 8th of February 1961. It is admitted by the Labour Officer that the workman was granted sick leave up to the 8th of February 1961. The workman continued his absence beyond the 8th of February 1961. According to him after

bacillary dysentery he got severe rheumatic type of pain in his right leg. There was swelling of the leg accompanied with severe pain which kept him confined in bed. During that severe attack of pain and swelling, following the bacillary dysentery, he received the Company's letter, dated 16th February 1961 (Ext. A/1), which he received on the 21st February 1961 as will appear from the acknowledgement which is part of the document Ext. A/1. Immediately he replied to that letter of the Company. That letter Ext. A/1, according to the Company's Labour Officer, was virtually the charge-sheet which was promptly replied to by the workman and posted on the following day, namely, 22nd of February 1961, which reached the Company on the 27th February 1961. It took the usual time to reach the Company. But before the explanation reached the Company, the workman was dismissed by the Company on the 25th of February 1961 (vide Ext. B). I have already observed that it was within the knowledge of the Company that letters usually take 5/6 days to travel from the Company's office to the village address of the workman and vice-versa. The document (Ext. D) sent by the workman on 4th of February 1961 (vide Ext. 2) reached the Company on 9th of February 1961 and the Company's letter, dated 16th of February 1961, was received by the workman on the 21st of February (vide acknowledgment Ext. A/1). Therefore, the Company ought to have waited for a reasonable time for the workman's reply from his native village to the Company's letter, dated 16th February 1961. So, there was want of reasonableness on the part of the Company in hastily dismissing the workman from service for the alleged misconduct of overstaying the medical leave granted to him. It is admitted by both the witnesses of the Company that the workman was granted medical leave up to the 8th of February 1961 on acceptance of the medical certificate (Ext. D) granted by the attending doctor of the workman. That being so, the Company knew that the workman was on leave on ground of his illness. It is not the case of the Company that the medical certificate Ext. D was disbelieved and the workman was granted unauthorised leave. On the contrary, there is clear and unambiguous admission in the evidence of the Company's Labour Officer Shri Jha (D.W. 1) of the granting of sick leave to the workman up to the 8th of February 1961. This was presumably on the basis of the medical certificate Ext. D granted by the attending doctor of the workman. Therefore, the Company acted on the belief that the workman was ill and so sick leave was granted to him up to the 8th of February. That being so, how the Company hurriedly and without proper consideration of the actual facts and circumstances could dismiss the workman for his overstaying the sick leave without giving him reasonable time to explain in the circumstances and without proper opportunity to defend his case. The Company immediately after giving the order of dismissal on the 25th of February 1961 received the workman's explanation (Ext. A/2) which was sent on the 22nd February by post but actually received by the Company on the 27th February 1961 as deposed by the Company's Labour Officer. There was no delay whatsoever on the part of the workman in submitting the explanation called for. In all promptitude the explanation was submitted by the workman and usual time was taken by the letter to reach the Company's hand. The Company could have reopened the matter and reconsidered the explanation submitted by the workman but there was nothing of the kind. The workman clearly explained the circumstances which prevented him from returning to his duty on the expiry of the medical leave granted to him up to the 8th of February 1961. He also stated in that letter the difficult position he was in on account of his illness and appealed to the Company for granting him extension of the leave up to 28th of February 1961. He also undertook to produce medical certificate at the time of resuming his duty. He actually redeemed the promise and produced the medical certificate which according to him he handed over to the Labour Office for being forwarded to the Company's Medical Officer for permitting him to resume his duty. The workman has stated on oath that he returned to Calcutta on the expiry of the leave asked for up to the 28th of February 1961 and handed over the certificate of fitness to the Labour Office when the Labour Officer told him that he had already been dismissed by the Company. Thereupon the workman applied to the Labour Officer of the Company on 2nd March 1961 for reconsideration of his case [vide Ext. 1(c)]. The Company does not admit the workman's return to the Mill immediately after the 28th February 1961. According to the Company the workman was met on the 7th or 8th of March 1961 but this statement of the Company can hardly be believed in view of the fact that the Company's letter of dismissal, dated 25th of February (Ext. B), was sent to the workman by post which was returned to the Company undelivered with the remark of the Postal authority "the addressee has gone to the sender". It has already been found that a letter sent by post from the Company's Mill usually reaches in 5/6 days' time to the village of the workman and vice-versa. Therefore, by the time the Company's letter posted on the 25th of February 1961 reached the village address of the workman, he was already away from there and left for his place of work, namely, the Company's Mill. The Company's Labour Officer Shri Jha (D.W. 1) has admitted this fact. This fact lends support to the Union's case that the workman immediately after expiry of the extended leave asked for, up to the 28th of February 1961 reached his place of work and this fact also belies the Company's version that the workman returned to the Mill on the 7th or 8th of March 1961 as stated by the Company's witnesses. The two witnesses of the Company have also spoken differently on this point. According to the Labour Officer Shri Jha, the workman met him on the 7th March but according to the other witness Shri Ghosh, the workman was met on or about the 8th of March. But the workman's straightforward statement before this Tribunal is that he reached the Company's Mill immediately after the 28th of February 1961 and handed over the certificate granted by his attending doctor to the Labour Office. I am inclined to give credence to this statement of the workman, which is found not only very convincing but also consistent with probability in consideration of the entire facts and circumstances placed before the Tribunal. The Company, as I have already found, in hot haste took a very drastic action against the workman by dismissing him from service from the 25th of February 1961 without giving him reasonable time and opportunity to submit his explanation and to defend his case. The workman was condemned by the

Company unheard for his overstaying the leave, specially when the Company was convinced to grant him sick leave. This conduct of the Company seems to me not only speaks of their mala fides and want of good faith but also against the principles of natural justice. In pursuance of the mala fides, the Company as it appears refused to consider the workman's prayer for reconsideration of his case in the light of the circumstances, but also went so far to suppress the fact of his presence at the Mill immediately after the 28th of February 1961 and to withhold the doctor's certificate that was handed over to the Labour Office by the workman which medical certificate, he undertook to produce in his letter, dated 22nd February 1961 (Ext. A/2). The workman was in continuous service of the Company from 1st May 1950 as will appear from his service card (Ext. E) and during this long service period he was never before punished for any misconduct. At least there is no evidence on this point and his service record (Ext. E) also does not show anything serious. Moreover, his evidence is that never before he had any occasion to overstay any leave from his native village and he has not been cross-examined on this point. Therefore, in consideration of the entire facts and circumstances discussed and detailed above, I come to the conclusion that there was a good ground for the workman's overstaying the leave up to the 28th of February 1961 for which he has already applied for extension of the leave by letter dated 22nd February 1961 (Ext. A/2) on ground of his illness. So, the Company was not justified in dismissing the workman as was done by the letter, dated 25th February 1961 (Ext. B). Therefore, I direct that the workman be reinstated by the Company in the job in which he was working at the time of his dismissal or in similar work with identical wages and amenities. This must be done by the Company within a month of publication of the award in the "Calcutta Gazette". Regard being had to the circumstances of the case, I further direct that the period from 9th February 1961 to 28th February 1961 be treated as on extension of the leave as was applied for by the workman to the Company and the period thereafter up to the time of his reinstatement be treated as on special leave for the purpose of continuity of service. The workman be further entitled to get 50 per cent. of his basic wages for the period from 1st March 1961 up to the time of his reinstatement as for no fault of the workman but for the unlawful and unjustified action of the Company the workman suffered unemployment during the period.

This is my award.

Gopalmath, district Burdwan, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 365-I.R./IR/11L-23/62, dated the 2nd February 1962.

**Issue**

Is the termination of service of Shri J. Sen Gupta justified? To what relief, if any, is he entitled?

**AWARD**

In short, the allegation of the workmen was that Shri J. Sen Gupta was a workman under Messrs. Techno Electric Corporation (hereinafter referred to as the Corporation). The story is that Shri Sen Gupta organised a Union and, as such, he incurred the displeasure of the officials of the Corporation. A false charge-sheet was issued to him alleging misbehaviour with the Corporation's Director. A reply was given to the charge-sheet. A sham enquiry was held by the Corporation and ultimately Shri Sen Gupta was wrongfully dismissed from service. The case of the Union is that the dismissal was mala fide and a case of victimisation.

The Corporation denied the allegations of the Union and it is stated that on 15th July 1961 Shri Sen Gupta, a Supervisor, approached Shri Mohanka, a Director, for advance of some money. The prayer was refused. Shri Sen Gupta then wanted leave. But the leave was not granted as there was heavy pressure of work at that time. On the refusal of leave Shri Sen Gupta shouted in presence of several employees of Corporation and stated that he damned cared for the fucking service of the Corporation. Thereafter a charge-sheet was framed against him and a due enquiry was held wherein full opportunity was given to Shri Sen Gupta to cross-examine the witnesses and to examine his own witnesses. In fact, Shri Sen Gupta examined himself, and some other witnesses were examined on his side. The Corporation also examined some witnesses. Ultimately, Shri Sen Gupta was found guilty of gross misconduct and major misdemeanour and, as a result of that, he was dismissed. His dues, however, were offered and were duly received by Shri Sen Gupta. It has been urged from the side of the Corporation that the dismissal was justified in view of his gross misconduct. The enquiry was legally held.

On 7th January 1963 an application was filed for adjournment of the hearing of the case fixed on that date. The ground of adjournment was that the workman concerned was ill. I heard the parties. No medical certificate was filed and no affidavit was sworn in support of the application. I, however, gave the last chance to the workman and adjourned the hearing of the case till 12th January 1963 on condition that a sum of Rs. 50 was to be paid to the Corporation as adjournment cost. On 10th January 1963 another application was filed for adjournment from the side of the workman. No copy was served on the other side, and the matter was fixed for hearing on 11th January 1963. That day I heard both the parties. The allegation of the illness of Shri Sen Gupta was very vague and even then no medical certificate was produced, no affidavit was sworn either. No cost of adjournment was paid even. I held that the application for time was frivolous and I rejected the prayer. On 12th January 1963 the case was taken up for hearing. None appeared on behalf of the workman. The Corporation was ready with its witnesses. Three witnesses were examined and several documents were exhibited.

Shri D. Mohanka, a partner of the Company has stated in his evidence that on 15th July 1961 at about 5 or 5-30 p.m. Shri Sen Gupta approached him for advance. He refused the prayer. Shri Sen Gupta then asked for leave. Due to pressure of work prevailing at that time, Shri Mohanka could not grant leave. At this, Shri Sen Gupta shouted in presence of others that he damned cared for the fucking service. It was a shocking affair to him. He approached the Administrative Officer, Shri Madan, and asked him to take necessary step in this matter. Shri Sen Gupta was then charge-sheeted. An enquiry was held. Shri Sen Gupta was present at the time of enquiry and ulimately he was dismissed on the finding of his guilt of gross misconduct. Shri Sen Gupta thereafter came to the office and collected his dues. Shri Madan has also been examined. He is an Administrative Officer. His evidence is that on 15th July 1961 Shri Mohanka complained to him about the filthy language used by Shri Sen Gupta. He has corroborated Shri Mohanka. He issued charge-sheet, in writing, to Shri Sen Gupta. He held the enquiry. He examined witnesses including those desired to be examined by Shri Sen Gupta, Shri Sen Gupta was also examined. Ultimately he found Shri Sen Gupta guilty of misbehaviour with Shri Mohanka using abusive language. The other witness examined is Shri J. P. Sen Gupta, a relation to Shri Sen Gupta. It was he who brought Shri Sen Gupta to the service of Corporation. This relation of Shri Sen Gupta has also stated that Shri Sen Gupta abused Shri Mohanka in filthy and objectionable language. He has also corroborated the evidence of Shri Mohanka about the language used by Shri Sen Gupta.

Coming to the documentary evidence, I have got the copy of the charge-sheet, Ext. B. It contains the signature of Shri Sen Gupta showing receipt of the original charge-sheet. Exhibit B(1) is the reply given by Shri Sen Gupta under his signature. Exhibit C is the letter intimating Shri Sen Gupta about the date of enquiry. Exhibit D is the records of proceedings of enquiry including the statements of witnesses. It appears that Shri Sen Gupta examined himself, and Shri G.P. Sen, a witness of this case, was also examined there. Exhibit D(1) is the finding of Shri Madan after the enquiry. Shri J. Sen Gupta was found guilty of serious charge made against him. Exhibit E is the letter of dismissal. This letter invited Shri Sen Gupta to collect his dues. Exhibit A is the salary voucher showing that on 10th October 1961 Shri Sen Gupta collected all his dues under his signature.

On consideration of the materials on record, I am convinced that the charge-sheet was duly served upon Shri Sen Gupta. His explanation was invited. The enquiry was duly held giving sufficient opportunity to Shri Sen Gupta to defend himself. He availed himself of the opportunity and, in fact, examined himself, and some other witnesses were also examined on his behalf. I personally perused the enquiry proceedings and findings, and I find that the finding of guilt of Shri Sen Gupta was justified. There was gross misconduct and major misdemeanour, even in the ordinary sense of terms in course of duty. I cannot hold that the dismissal of Shri Sen Gupta was unjustified. There was no ill-motive or mala fides in framing charge-sheet against Shri Sen Gupta or in dismissing him. I, therefore, find that the dismissal of Shri Sen Gupta

was justified and he can claim no relief whatsoever in this proceeding.

**ANNEXURE**

**In the matter of an application under section 33A of the Industrial Disputes Act of 1947 by Shri Baijnath, an employee of Messrs. Hindusthan Lace Mfg. Corporation Pvt. Ltd., Jain Kunj, Hyde Road, Kidderpore, Calcutta (Address: P-246 Rameswarpur Road, Calcutta-24), against the aforesaid Company, arising out of G.O. No. 513-I.R., dated 15th February 1962. (Case No. 38/62.)**

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri R. BHATTACHARYA, Judge,
Fourth Industrial Tribunal.

This proceeding under section 33A of the Industrial Disputes Act arose out of an industrial dispute referred to by the Government of West Bengal, Labour Department, Order No. 513-I.R./IR/8L-6/62, dated the 15th February 1962, between Messrs. Hindusthan Lace Mfg. Corporation (Pvt.) Ltd. and their workmen represented by the Hyde Road Textile Mazdoor Union. The allegation of one Baijnath, a weaver of the Company, was that during the pendency of main proceedings he was not given work and wrongfully dismissed.

The employer Corporation denied the allegation.

On 4th January 1963 the parties were present before the Tribunal and time was taken on ground of compromise. On 10th January 1963 the parties informed the Tribunal that the petition of compromise would be filed on the following day. On 11th January 1963 nobody appeared on behalf of the petitioner or the Union but the lawyer, appearing on behalf of the Corporation, filed a petition stating that the petitioner Shri Baijnath had been taken in the employment of Messrs. Hindusthan Lace Mfg. Corpn. Ltd. In the circumstances, I hold that there is at present "no dispute" and the matter has been amicably settled after appointing Shri Baijnath under the employ of the Company.

The application, therefore, fails as there is no dispute.

Typed to my dictation and corrected by me.

**13.** (1) If any police officer or any other person authorised by the Administrator in this behalf, by general or special order, is of opinion that a person is apparently a neglected child, such police officer or other person may take charge of that person for bringing him before a Board.

(2) When information is given to an officer-in-charge of a police-station about any neglected child found within the limits of such station, he shall enter in a book to be kept for the purpose the substance of such information and take such action thereon as he deems fit and if such officer does not propose to take charge of the child, he shall forward a copy of the entry made to the Board.

(3) Every child taken charge of under sub-section (1) shall be brought before the Board within a period of twenty-four hours of such charge taken excluding the time necessary for the journey from the place where the child had been taken charge of to the Board.

(4) Every child taken charge of under sub-section (1) shall, unless he is kept with his parent or guardian, be sent to an observation home (but not to a police-station or jail) until he can be brought before a Board.

Special procedure to be followed when neglected child has parent.

**14.** (1) If a person, who in the opinion of the police officer or the authorised person is a neglected child, has a parent or guardian who has the actual charge of, or control over, the child, the police officer or the authorised person may, instead of taking charge of the child, make a report to the Board for initiating an inquiry regarding that child.

(2) On receipt of a report under sub-section (1), the Board may call upon the parent or guardian to produce the child before it and to show cause why the child should not be dealt with as a neglected child under the provisions of this Act and if it appears to the Board that the child is likely to be removed from its jurisdiction or to be concealed, it may immediately order his removal (if necessary by issuing a search warrant for the immediate production of the child) to an observation home.

Inquiry by Board regarding neglected children.

**15.** (1) When a person alleged to be a neglected child is produced before a Board, it shall examine the police officer or the authorised person who brought the child or made the report and record the substance of such examination and hold the inquiry in the prescribed manner and may make such orders in relation to the child as it may deem fit.

(2) Where a Board is satisfied on inquiry that a child is a neglected child and that it is expedient so to deal with him, the Board may make an order directing the child to be sent to a children's home for the period until he ceases to be a child:

Provided that the Board may, for reasons to be recorded, extend the period of such stay, but in no case the period of stay shall extend beyond the time when the child attains the age of eighteen years, in the case of a boy, or twenty years, in the case of a girl:

Provided further that the Board may, if it is satisfied that having regard to the circumstances of the case it is expedient so to do, for reasons to be recorded, reduce the period of stay to such period as it thinks fit.

(3) During the pendency of any inquiry regarding a child, the child shall, unless he is kept with his parent or guardian, be sent to an observation home for such period as may be specified in the order of the Board:

Provided that no child shall be kept with his parent or guardian if, in the opinion of the Board, such parent or guardian is unfit to exercise or does not exercise proper care and control over the child.

Power to commit neglected child to suitable custody.

**16.** (1) If the Board so thinks fit, it may, instead of making an order under sub-section (2) of section 15 for sending the child to a children's home, make an order placing the child under the care of a parent, guardian or other fit person, on such parent, guardian or fit person executing a bond with or without surety to be responsible for the good behaviour and well-being of the child and for the observance of such conditions as the Board may think fit to impose.

(2) At the time of making an order under sub-section (1) or at any time subsequently, the Board may, in addition, make an order that the child be placed under supervision for any period not exceeding three years in the first instance.

(3) Notwithstanding anything contained in sub-section (1) or sub-section (2), if at any time it appears to the Board, on receiving a report from the probation officer or otherwise, that there has been a breach of any of the conditions imposed by it in respect of the child, it may, after making such inquiry as it deems fit, order the child to be sent to a children's home.

Uncontrollable children.

**17.** Where a parent or guardian of a child complains to the Board that he is not able to exercise proper care and control over the child and the Board is satisfied on inquiry that proceedings under this Act should be initiated regarding the child, it may send the child to an observation home and make such further inquiry as it may deem fit and the provisions of section 15 and section 16 shall, as far as may be, apply to such proceedings.

## CHAPTER IV

### DELINQUENT CHILDREN

Bail and custody of children.

**18.** (1) When any person accused of a bailable or non-bailable offence and apparently a child is arrested or detained or appears or is brought before a children's court, such person shall, notwithstanding anything contained in the Code of Criminal Procedure, 1898, or in any other law for the time being in force, be released on bail with or without surety but he shall not be so released if there appear reasonable grounds for believing that the release is likely to bring him into association with any reputed criminal or expose him to moral danger or that his release would defeat the ends of justice. 5 of 1898.

(2) When such person having been arrested is not released on bail under sub-section (1) by the officer-in-charge of the police-station, such officer shall cause him to be kept in an observation home in the prescribed manner (but not in a police-station or jail) until he can be brought before a children's court.

(3) When such person is not released on bail under sub-section (1) by the children's court, it shall, instead of committing him to prison, make an order sending him to an observation home for such period during the pendency of the inquiry regarding him as may be specified in the order.

Information to parent or guardian or probation officer.

**19.** Where a child is arrested, the officer-in-charge of the police-station to which the child is brought shall, as soon as may be after the arrest, inform—

(a) the parent or guardian of the child, if he can be found, of such arrest and direct him to be present at the children's court before which the child will appear; and

(b) the probation officer of such arrest in order to enable him to obtain information regarding the antecedents and family history of the child and other material circumstances likely to be of assistance to the children's court for making the inquiry.

Inquiry by children's court regarding delinquent children.

**20.** Where a child having been charged with an offence appears or is produced before a children's court, the children's court shall hold the inquiry in accordance with the provisions of section 39 and may, subject to the provisions of this Act, make such order in relation to the child as it deems fit.

Orders that may be passed regarding delinquent children.

**21.** (1) Where a children's court is satisfied on inquiry that a child has committed an offence, then, notwithstanding anything to the contrary contained in any other law for the time being in force, the children's court may, if it so thinks fit,—

(a) allow the child to go home after advice or admonition;

(b) direct the child to be released on probation of good conduct and placed under the care of any parent, guardian or other fit person on such parent, guardian or other fit person executing a bond, with or without surety as that court may require, for the good behaviour and well-being of the child for any period not exceeding three years;

(c) make an order directing the child to be sent to a special school,—

(i) in the case of a boy over fourteen years of age or of a girl over sixteen years of age, for a period of not less than three years;

(ii) in the case of any other child, for the period until he ceases to be a child:

Provided that the children's court may, if it is satisfied that having regard to the nature of the offence and the circumstances of the case it is expedient so to do, for reasons to be recorded, reduce the period of stay to such period as it thinks fit:

Provided further that the children's court may, for reasons to be recorded, extend the period of such stay, but in no case the period of stay shall extend beyond the time when the child attains the age of eighteen years, in the case of a boy, or twenty years, in the case of a girl;

(d) order the child to pay a fine if he is over fourteen years of age and earns money.

(2) Where an order under clause (b) or clause (d) of sub-section (1) is made, the children's court may, if it is of opinion that in the interests of the child and of the public it is expedient so to do, in addition make an order that the delinquent child shall remain under the supervision of a probation officer named in the order during such period, not exceeding three years, as may be specified therein, and may in such supervision order impose such conditions as it deems necessary for the due supervision of the delinquent child:

Provided that if at any time afterwards it appears to the children's court on receiving a report from the probation officer or otherwise, that the delinquent child has not been of good behaviour during the period of supervision, it may, after making such inquiry as it deems fit, order the delinquent child to be sent to a special school.

(3) The children's court making a supervision order under sub-section (2) shall explain to the child and the parent, guardian or other fit person, as the case may be, under whose care the child has been placed, the terms and conditions of the order and shall forthwith furnish one copy of the supervision order to the child, the parent, guardian or other fit person, as the case may be, the sureties, if any, and the probation officer.

(4) In determining the special school, or any person to whose custody a child is to be committed or entrusted under this Act, the court shall pay due regard to the religious denomination of the child to ensure that religious instruction contrary to the religious persuasion of the child is not imparted to him.

**Orders that may not be passed against delinquent children.**

**22.** (1) Notwithstanding anything to the contrary contained in any other law for the time being in force, no delinquent child shall be sentenced to death or imprisonment, or committed to prison in default of payment of fine or in default of furnishing security:

Provided that where a child who has attained the age of fourteen years has committed an offence and the children's court is satisfied that the offence committed is of so serious a nature or that his conduct and behaviour have been such that it would not be in his interest or in the interest of other children in a special school to send him to such special school and that none of the other measures provided under this Act is suitable or sufficient, the children's court may order the delinquent child to be kept in safe custody in such place and manner as it thinks fit and shall report the case for the orders of the Administrator.

(2) On receipt of a report from a children's court under sub-section (1), the Administrator may make such arrangement in respect of the child as he deems proper and may order such delinquent child to be detained at such place and on such conditions as he thinks fit:

Provided that the period of detention so ordered shall not exceed the maximum period of imprisonment to which the child could have been sentenced for the offence committed.

**Proceeding under Chapter VIII of the Criminal Procedure Code not competent against child.**

**23.** Notwithstanding anything to the contrary contained in the Code of Criminal Procedure, 1898, no proceeding shall be instituted and no order shall be passed against a child under Chapter VIII of the said Code. 5 of 1898.

No joint trial of child and person not a child.

**24.** (1) Notwithstanding anything contained in section 239 of the Code of Criminal Procedure, 1898, or in any other law for the time being in force, no child shall be charged with or tried for, any offence together with a person who is not a child.

5 of 1898.

(2) If a child is accused of an offence for which under section 239 of the Code of Criminal Procedure, 1898, or any other law for the time being in force, such child and any person who is not a child would, but for the prohibition contained in sub-section (1), have been charged and tried together, the court taking cognizance of that offence shall direct separate trials of the child and the other person.

5 of 1898.

Removal of disqualification attaching to conviction.

**25.** Notwithstanding anything contained in any other law, a child who has committed an offence and has been dealt with under the provisions of this Act shall not suffer disqualification, if any, attaching to a conviction of an offence under such law.

Special provision in respect of pending cases.

**26.** Notwithstanding anything contained in this Act, all proceedings in respect of a child pending in any court in any area on the date on which this Act comes into force in that area, shall be continued in that court as if this Act had not been passed and if the court finds that the child has committed an offence, it shall record such finding and, instead of passing any sentence in respect of the child, forward the child to the children's court which shall pass orders in respect of that child in accordance with the provisions of this Act as if it had been satisfied on inquiry under this Act that the child has committed the offence.

## CHAPTER V

Sittings, etc., of Boards and children's courts.

**27.** (1) A Board or a children's court shall hold its sittings at such place, on such day and in such manner, as may be prescribed.

(2) A magistrate empowered to exercise the powers of a Board or, as the case may be, a children's court under sub-section (2) of section 7 shall, while holding any inquiry regarding a child under this Act, as far as practicable, sit in a building or room different from that in which the ordinary sittings of civil and criminal courts are held, or on different days or at times different from those at which the ordinary sittings of such courts are held.

(3) No legal practitioner shall be entitled to appear before a competent authority in any case or proceeding before it, except with the special permission of that authority.

Attendance of parent or guardian of child.

**29.** Any competent authority before which a child is brought under any of the provisions of this Act may, whenever it so thinks fit, require any parent or guardian having the actual charge of, or control over, the child to be present at any proceeding in respect of the child.

Dispensing with attendance of child.

**30.** If, at any stage during the course of an inquiry, a competent authority is satisfied that the attendance of the child is not essential for the purpose of the inquiry, the competent authority may dispense with his attendance and proceed with the inquiry in the absence of the child.

**31.** (1) When a child who has been brought before a competent authority under this Act is found to be suffering from a disease requiring prolonged medical treatment or physical or mental complaint that will respond to treatment, the competent authority may send the child to any place recognised to be an approved place in accordance with the rules made under this Act for such period as it may think necessary for the required treatment.

(2) Where a child is found to be suffering from leprosy or is of unsound mind, he shall be dealt with under the provisions of the Lepers Act, 1898 or the Indian Lunacy Act, 1912, as the case may be. 3 of 1898. 4 of 1912.

(3) Where a competent authority has taken action under sub-section (1) in the case of a child suffering from an infectious or contagious disease, the competent authority before restoring the said child to his partner in marriage, if there has been such, or to the guardian, as the case may be, shall where it is satisfied that such action will be in the interest of the said child call upon his partner in marriage or the guardian, as the case may be, to satisfy the court by submitting to medical examination that such partner or guardian will not re-infect the child in respect of whom the order has been passed.

Presumption and determination of age.

**32.** (1) Where it appears to a competent authority that a person brought before it under any of the provisions of this Act (otherwise than for the purpose of giving evidence) is a child, the competent authority shall make due inquiry as to the age of that person and for that purpose shall take such evidence as may be necessary and shall record a finding whether the person is a child or not, stating his age as nearly as may be.

(2) No order of a competent authority shall be deemed to have become invalid merely by any subsequent proof that the person in respect of whom the order has been made is not a child, and the age recorded by the competent authority to be the age of the person so brought before it shall, for the purposes of this Act, be deemed to be the true age of that person.

Circumstances to be taken into consideration in making orders under the Act.

Provided further that if no report of the probation officer is received within ten weeks of his being informed under section 19, it shall be open to the children's court to proceed without it.

Sending a child outside jurisdiction.

**34.** In the case of a neglected or delinquent child whose ordinary place of residence lies outside the jurisdiction of the competent authority before which he is brought, the competent authority may, if satisfied after due inquiry that it is expedient so to do, send the child back to a relative or other person who is fit and willing to receive him at his ordinary place of residence and exercise proper care and control over him, notwithstanding that such place of residence is outside the jurisdiction of the competent authority; and the competent authority exercising jurisdiction over the place to which the child is sent shall in respect of any matter arising subsequently have the same powers in relation to the child as if the original order had been passed by itself.

(2) Where it appears to the Administrator that the child is cured of leprosy or of unsoundness of mind, he may, if the child is still liable to be kept in custody, order the person having charge of the child to send him to the special school or children's home from which he was removed or, if the child is no longer liable to be kept in custody, order him to be discharged.

Provided that where the child is illegitimate and an order for his maintenance has been made under section 488 of the 5 of 1898. Code of Criminal Procedure, 1898, the competent authority shall not ordinarily make an order for contribution against the putative father, but may order the whole or any part of the sums accruing due under the said order for maintenance to be paid to such person as may be named by the competent authority and such sum shall be paid by him towards the maintenance of the child.

(4) Any order made under this section may be enforced in the same manner as an order under section 488 of the 5 of 1898. Code of Criminal Procedure, 1898.

The Committee on National Integration and Regionalism appointed by the National Integration Council recommended that article 19 of the Constitution be so amended that adequate powers become available for the preservation and maintenance of the integrity and sovereignty of the Union. The Committee were further of the view that every candidate for the membership of a State Legislature or Parliament, and every aspirant to, and incumbent of, public office should pledge himself to uphold the Constitution and to preserve the integrity and sovereignty of the Union and that forms of oath in the Third Schedule to the Constitution should be suitably amended for the purpose. It is proposed to give effect to these recommendations by amending clauses (2), (3) and (4) of article 19 for enabling the State to make any law imposing reasonable restrictions on the exercise of the rights conferred by sub-clauses (*a*), (*b*) and (*c*) of clause (1) of that article in the interests of the sovereignty and integrity of India. It is also proposed to amend articles 84 and 173 and forms of oath in the Third Schedule to the Constitution so as to provide that every candidate for the membership of Parliament or State Legislature, Union and State Ministers, Members of Parliament and State Legislatures, Judges of the Supreme Court and High Courts and the Comptroller and Auditor-General of India should take an oath to uphold the Sovereignty and integrity of India.

WHEREAS it is expedient to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the purpose and in the manner hereinafter appearing; West Ben. Act V of 1947.

It is hereby enacted in the Fourteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

**1.** This Act may be called the West Bengal Premises Requisition and Control (Temporary Provisions) (Amendment) Act, 1963.

Amendment of section 1 of West Ben. Act

**2.** In sub-section (*4*) of section 1 of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the words and figures "the 31st day of March, 1963", the words and figures "the 31st day of March, 1964"

## STATEMENT OF OBJECTS AND REASONS.

The life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Bengal Act V of 1947) is due to expire after the 31st March, 1963. In view of the acute scarcity of accommodation for public purpose in the State and the present state of emergency in the country, it is necessary to retain the powers obtained under the Act for a further period beyond the 31st March, 1963.

2. It is accordingly proposed to amend the Act to extend its life for a further period of one year up to the 31st March, 1964.

3. The Bill has been framed with the above object in view.

## FINANCIAL MEMORANDUM.

Under clause 2 of the Bill, the life of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Bengal Act V of 1947), is sought to be extended for a further period of one year beyond the 31st March, 1963. The Act by itself does not entail any financial liability to the State Government, although the initial responsibility for payment of compensation to the landlords for premises requisitioned under the Act rests on the State Government. The entire cost is ultimately recoverable from the Government employees, Government Departments and offices and private institutions for whose purposes the premises are requisitioned.

## ELECTION COMMISSION, INDIA

New Delhi-11, the 5th February 1963.

NOTIFICATION

No. 82/281/62.—In pursuance of section 106 of the Representation of the People Act, 1951, the Election Commission hereby publishes the order pronounced on the 29th November 1962 by the Election Tribunal, Calcutta.

## OFFICE OF THE ELECTION TRIBUNAL, CALCUTTA

Present:

Shri A. K. SEN, Member, Election Tribunal, Calcutta

**Election Petition No. 281 of 1962.**

Shri Jamini Ranjan Sen

versus

Abdul Gafur.

**Order No. 17, dated 29-11-62:**

Respondent files his hazira and is present in Court. Petitioner files an application for time on the ground that after the inspection of documents on 23rd November 1962, it appeared that 26 persons were required to be summoned and it was not practically possible to take steps for summoning these persons within the short time available as they lived at distant places.

The application is strongly opposed by the respondent.

Heard the learned lawyers on both sides on the petitioner's application for time and perused the record.

This Election Petition was filed on 12th April 1962. A copy thereof was published in the "Calcutta Gazette", dated 17th May 1962. Section 89(6) of the Representation of the People Act, 1951 (hereinafter to be referred to as the Act), requires that every election petition shall be tried as expeditiously as possible and endeavour shall be made to conclude the trial within six months from the date of publication of the copy of the petition in the Official Gazette under section 86(1) of the Act, i.e., within 17th November 1962 in the present case.

I received the record of the case for trial on 31st May 1962. The parties appeared before me on 1st June 1962. After taking one adjournment, the respondent filed his written statement on 18th July 1962. 6th August 1962 was fixed for the filing of documents and framing of issues. But the petitioner neither filed nor took any steps for the production of any document within the date fixed. Issues were framed on that date (6th August 1962) and the parties were directed to take steps for discovery and inspection under orders 11 and 12, C. P. C., by 27th August 1962. On the petitioner's prayer, the time was extended to 4th September 1962. On that date, certain records of the election were called for from the Returning Officer fixing 15th September 1962 for the arrival of the same. Records were received in time but the petitioner took no further interest in them. So the case was fixed for Peremptory hearing on 19th November 1962. On the petitioner's prayer for time on the ground of his illness, the date of Peremptory hearing was adjourned to 29th November 1962. It was only on 21st November 1962 that the petitioner prayed for inspection of the records sent by the Returning Officer. Though extremely belated, I allowed inspection of only some of the documents mentioned in my order passed on 22nd November 1962—and in the same order, I observed that the inspection should have been made long ago, and the petitioner appeared to have no sufficient cause for the delay, and that the petitioner should be sufficiently diligent henceforth, and should note that it would not be possible to adjourn the hearing on the next date fixed (29th November 1962) on the ground that he could not get ready.

I remember that after the inspection was over on 23rd November 1962, the learned lawyer for the petitioner submitted verbally before me that it might not be possible to summon the witnesses in the meantime and so the petitioner might take further time. To this submission, I let the learned lawyer definitely to know that his prayer for further adjournment on the date fixed would depend on what steps he took in the meantime for getting ready.

I regret to say that in spite of such clear direction from the Tribunal, the petitioner took no steps whatsoever—and on this adjourned date of hearing he comes with the second petition for time on the ground that it was not practically possible to summon his witness. He has not taken any steps whatsoever in the meantime for getting ready, and did not think it necessary even to file his list of witnesses uptil now.

The petitioner himself was a candidate from the Swarupnagar Constituency in the last General Election—and he has filed this election petition challenging the election of the respondent from the said Constituency mainly on 3 grounds, namely (1) that 28 tendered votes could not be counted and properly accounted for, (2) that the votes of six dead persons named in the petition were cast—and the vote of one person also named in the petition was given by proxy, and (3) that by addressing many meetings including the meetings at Bithari, Serapole, Sayestanagar and Hatathganj, the Respondent exercised undue influence on the voters of the Constituency on communal, religious and spiritual grounds.

For proving the first ground, the petitioner was allowed inspection of the lists of tendered votes. As he himself was a candidate, he can be supposed to know the names of at least some, if not all, of these persons and so he could perhaps have been done even without such inspection. Be that as it may, the other two grounds did not depend on inspection of the records—and the petitioner did not inspect any record for proving any of these two grounds. There was therefore not the slightest difficulty on his part for summoning the witnesses whom he thought to be necessary for proving these two grounds.

The ground on which the petitioner prays for time, namely, his inability to summon his witnesses on account of shortness of time, is thus clearly frivolous —and his application for time is therefore rejected. The petitioner is directed to get ready for hearing.

A. K. SEN,
Member,
Election Tribunal, Calcutta.

**Order No. 18, dated 29-11-62:**

After the last order, when the case is called for hearing, the learned lawyer for the petitioner submits that he has no further instruction. Respondent is ready.

It is therefore ordered,

that the Election Petition be dismissed for want of evidence. The Respondent is awarded a sum of Rs. 50 as his costs including pleader's fee.

A copy of this and the previous orders be sent to the Election Commission. The records of the case be sent to the Chief Judge of the Calcutta Small Causes Court as required under section 103 of the Act. The records sent by the Returning Officer be returned to him.

A. K. SEN,
Member, Election Tribunal.
